A. Of course!

B. How could I say no?

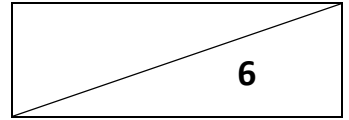

C. Let's go shopping tonight.

D. Unfortunately, I'm not free.

Reading

Reading Comprehension:

Directions: Read the passage and answer the following questions:

Technology

In the world of technology, there are lots of cool things that help us every day. Imagine having a tablet like Timmy's, where you can learn about dinosaurs, planets, and play fun games to make learning super exciting.

Jenny found a special drawing app that made her pictures look amazing with bright colors and happy faces. And if you ever have **tricky** homework, like Tommy, you can use a computer to get some help and turn problems into fun challenges.

Technology also brings friends closer, even if they're far away. With video calls, you can see and talk to each other, and playing games online is like having a virtual playground where you can share laughs and high-fives through the screen.

Technology always has a library with e-books that tell awesome stories, making learning interesting and fun. Science lessons become like watching cartoons, making it easy to understand cool facts about the world. At bedtime, your devices can even tell you stories that help you have sweet dreams.

So, technology is like a friendly helper in your life, making each day full of fun, learning, and happy moments for everyone.

3. What is the main idea of the text?

- A. How to use technology.
- B. Advantages of technology**
- C. Disadvantages of technology.
- D. Future technology.

4. What does the word tricky in paragraph 2, line 2 mean?

- A. hard**
- B. easy
- C. colorful
- D. exciting

5. How did technology help Jenny?

Jenny found an app that made her pictures look amazing.

6. What is technology good for when you sleep?

devices can tell you stories that help you have sweet dreams.
