Part 3: Write an essay about travelling based on your plan from part 2. (50 words) (25 points)

Travelling is very interesting . I have visited many countries but my favorite country is England because I visit my cousins . I always travel by plane . At the airport first , I go to the check in desk and show my passport and ticket then they give me boarding card after that I go to the departure lounge and look at my flight number at the screen . When I arrive , I usually stay in a hotel near my cousin's house . I do walking tours to see sights and visit the museums , parks , London theatre and many other interesting places . In my opinion, England is one of the most important travel destination .

The strong wind whipped Omar's face as he stared out the airplane door. Dubai's desert stretched out below, a playground for his friends who all sported giant grins. Omar, however, was so afraid. He'd come to skydive, to brag back home. But now, his stomach is hurting.

One by one, his friends jumped and disappeared into the sky, their screams turning into laughter of happiness and excitement. At the end, Omar was alone. The jumpmaster, the guy who was jumping with him, smiled at him, and asked: "Ready?"

Omar's mouth went dry. He thought about his life, boring and safe. Did he want to live like that forever? He looked down at the tiny city, then back at the endless blue sky. He took a deep breath and said:
