

UNIT 2 - TECHNOLOGY
READING COMPREHENSIONTECHNOLOGY IN JORDAN
PAGE 24 - PUPIL'S BOOK

Technology is helping children in Jordan study in many ways. Online learning platforms let pupils take free courses in subjects like Maths and Science.

Many schools are also using tablets, e-readers and interactive whiteboards to make lessons more fun and interesting for pupils.

Some schools even have coding workshops (where pupils learn to give instructions to computers so they can do things) and robotics clubs!

And there are also a number of organisations that support education and technology in schools, like the Queen Rania Center for Education and Information Technology.

More children now have access to the internet all over Jordan. This means they can explore different cultures and make friends from around the world.

Apps are also helping them with English and other languages. For children with disabilities, tools like screen readers are helping them to learn more easily. The internet also means children can stay in touch with family and friends, even when they are far away!

Technology is helping children in Jordan learn, be creative and connect with others. How is technology helping you?

Read the text carefully then answer the questions.

◆ **Part 1 – Wh- Questions**

The symbol ✩ shows what type of information is asked.)

Type	Question
Thing	1. What is the main idea of the text?
Place	2. Where can children in Jordan study using technology?
Time	3. When do pupils use online platforms to learn?
Person	4. Who helps children in Jordan learn with technology?
Choice	5. Which subjects can pupils study online?
Way	6. How is technology helping children learn?
Reason	7. Why are interactive whiteboards important?
Type	8. What kind of activities do pupils do with computers?
Possession	9. Whose responsibility is it to support education in schools?
Number	10. How many organizations support education in Jordan?
Amount	11. How much access do children have to the internet?
Thing	12. What can apps help children do?
Person	13. Who can use screen readers?
Place	14. Where can pupils meet new friends online?
Way	15. How are apps helping children learn other languages?
Reason	16. Why is technology important for families?
Thing	17. What do children with disabilities use to learn?
Thing	18. What do schools use to make lessons more fun?
Person	19. Who supports technology in education in Jordan?
Thing	20. What does the text say about internet access in Jordan?

◆ Part 2 – True or False

1. Online learning helps children study Maths and Science. -----
