**Q1: Read the text and answer the following questions:**

Technology is helping children in Jordan study in many ways. Online learning platforms let pupils take free courses in subjects like Maths and Science. Many schools are also using tablets, e-readers and interactive whiteboards to make lessons more fun and interesting for pupils. Some schools even have coding workshops (where pupils learn to give instructions to computers so they can do things) and robotics clubs! And there are also a number of organisations that support education and technology in schools, like the Queen Rania Center for Education and Information Technology.

1. What subjects can pupils learn online?
2. What devices do schools use in lessons?
3. What do pupils learn in coding workshops?
4. What other clubs do some schools have?
