◇ القسم الثالث: الفهم القرائي (Reading)

اقرأ النص التالي ثم أجب:

Text:

In today's world, technology has become an essential part of education, health, and travel. Students use smart apps to improve their study habits and stay organized. Athletes rely on advanced equipment to stay active and avoid injuries. Travelers benefit from fast and safe air travel, although they need to follow strict safety rules. Experts believe that young people should prepare for future jobs by developing creativity, communication, and digital skills.

11. What do students use to stay organized?
✓ Smart apps
12. Why do athletes use advanced equipment?
✓ To stay active and avoid injuries
13. What is one advantage of air travel mentioned?
✓ It is fast and safe
14. What skills should young people develop for future jobs?
✓ Creativity, communication, and digital skills

◇ (Rewriting) القسم الخامس: إعادة الصياغة

أعد كتابة الجملة بحيث تبقى نفس المعنى:

18. "I started training two hours ago." → (for)

✓ I have been training for two hours.

19. "They finished the project yesterday." → (already)

✓ They have already finished the project.

20. "A nurse is a person. She helps patients." → (who)

✓ A nurse is a person who helps patients.

◇ (Writing) القسم السادس: الكتابة

21. اكتب فقرة من ٦-٧ جمل عن أهمية التكنولوجيا، والصحة، والسفر، واختيار المستقبل.

Model Answer:

Technology plays a very important role in our lives today. Students use digital tools to learn faster and stay organized. Being active and healthy helps people feel stronger and reduces stress. Traveling allows us to explore new places and learn about different cultures. Air travel makes long distances easier to reach. Choosing a future career is another important step for young people. They need to develop creativity and digital skills to succeed in the future.

◇ (Speaking) القسم السابع: التحدث (يُقيّم من المعلم)

22. Talk about how technology, health, travel, and future careers affect young people today.
