4. We _____ forget to do our homework.
Answer: won't

2. Answer the questions using the information in brackets.

1. How high is Mount Everest? (8,848 metres)
Answer: It is eight thousand, eight hundred and forty-eight metres high.
2. How far is the Moon from the Earth? (384,400 km)
Answer: It is three hundred and eighty-four thousand, four hundred kilometres away.

C) Reading Comprehension (5 marks)

Read the text and answer the questions.

The International Space Station (ISS) is a large satellite where astronauts live and work. It orbits the Earth every 90 minutes. Astronauts on the ISS do many science experiments to learn new things. Life in space is different. Astronauts will sleep in sleeping bags tied to the wall. They won't eat from normal plates because the food will float away. They eat food from special packets. To stay healthy, they will exercise for two hours every day. Next year, a new team of astronauts will go to the ISS.

1. What is the ISS?
Answer: It is a large satellite where astronauts live and work.
2. How do astronauts sleep on the ISS?
Answer: They sleep in sleeping bags tied to the wall.
3. Why won't they eat from normal plates?
Answer: Because the food will float away.
4. What will they do to stay healthy?
Answer: They will exercise for two hours every day.
5. What will happen next year?
Answer: A new team of astronauts will go to the ISS.

D) Writing (5 marks)

Imagine you are an astronaut going to the Moon next week. Write a short paragraph (about 4-5 sentences) about what you will do and what you won't do there. Use the words in the box to help you.

(will, won't, rocket, spacesuit, Moon, explore, float)

Example Answer:

Next week, I will go to the Moon in a rocket. I will wear a spacesuit. I will explore the surface of the Moon. I will float in the air because there is no gravity. I won't forget to take photos. It will be amazing!

Answer Key

• A) Vocabulary

1.

1. Earth, 2. rocket, 3. astronaut / spacesuit, 4. satellite

2.

1. one hundred thousand, 2. five thousand, 3. one million, 4. three hundred and eighty thousand

• B) Grammar

1.

1. will, 2. won't, 3. will, 4. won't

2.

1. It is eight thousand, eight hundred and forty-eight metres high.

2. It is three hundred and eighty-four thousand, four hundred kilometres away.

• C) Reading Comprehension

1. It is a large satellite where astronauts live and work.

2. They sleep in sleeping bags tied to the wall.

3. Because the food will float away.

4. They will exercise for two hours every day.

5. A new team of astronauts will go to the ISS.

• D) Writing

(يتم التصحيح بناء على استخدام الكلمات المطلوبة، التراكيب الصحيحة، واستخدام) بشكل صحيح
