

Part 1

Read the texts about 3 different movies and answer the questions. Match the numbers (1-6) to the letters (A-C). You can use each letter more than once.

There is one example.

A — 365 Days

365 Days is an exciting film for all ages. It's about a family travelling around the world on a boat for a whole year. The parents and their two children see sharks and find buried treasure on a desert island. There aren't any special effects in this film because it's a true story. Some of the things the actors say during the film made me laugh so much.

B — Jake's T-Rex

Jake's T-Rex is a science-fiction film about a boy who loves his toy dinosaur. One night, Jake dreams his dinosaur is alive! At first, Jake doesn't like the T-Rex because it does dangerous things. By the end of the film, they're best friends and it's heart-breaking when they have to say goodbye before Jake wakes up. The film has excellent special effects, but it's quite silly. I don't think adults would like it much.

C — Help!

Help! is a great film about a man called George who wakes up on an island, and can't remember how he got there. For some time, George doesn't think anyone lives on the island until he sees a scary man following him. The film is about how George finally escapes from the unusual island. This film is not for young children!

Part 2

Read the text and circle the correct answers.

There is one example.

Becoming Healthier

My name's Ali and I live in Dubai. Recently, I've made some changes to have a healthier and more active lifestyle.

One day I'd love to cycle or run to school, but maybe when I'm fitter. For now, my dad drives me there and picks me up. After school, I walk for at least an hour. I enjoy walking on the beach, at the park or around the garden. My favourite walks are always by the sea. In the evening, my brother and I are allowed to play computer games. My brother always plays, but my father is surprised that I never play them – not even with my brother.

I always eat healthy food at school and at home I eat well too. Before, when I went to restaurants with my family, I ate unhealthy food like pizzas, burgers and ice-cream, but not any more. Now I try to eat lots of vegetables, but not too much fruit because there's a lot of sugar in it.

منتديات صقر الجنوب

Sleep is also important. Before, I went to bed too late and only slept five hours a night. Now, I try to go to bed early enough so I don't feel tired when I wake up at 6am. Each night, I'm getting eight hours of sleep and I feel great because I have more energy.
