Introduction

Grammar Time is a series of grammar reference and practice books specifically designed for young learners from the age of eight upwards. **Grammar Time** can be used alongside any major coursebook. The aims and overall purpose of the series are:

- to present grammar in amusing, meaningful contexts, appropriate to the pupils' age and level.
- to help them understand new grammatical items by means of simple reference tables and explanations of key points.
- to help them assimilate the grammar by providing interesting, graded practice exercises.
- to provide opportunities to use the grammar communicatively in freer oral and/or written practice.

Grammar Time and the Common European Framework

The new editions of **Grammar Time** are closely correlated to the Common European Framework.

Grammar Time	Language level	Common European Framework	Cambridge ESOL
1	Beginners		Starters
2	False beginners	A1	Movers
3	Elementary	A2	Flyers, KET
4	Pre-Intermediate	B1	PET
5	Intermediate	B1+ (towards B2)	

Grammar Time components

The components of the course are:

- a Pupils' Book
- a Teacher's Resource Book with answer keys and additional photocopiable activities, unit quizzes and progress checks
- a Multi-Rom containing recorded material from the Pupils' Book that can be played on a CD player for use in the classroom; and extra practice exercises for the learners to do at home on their computers

Grammar Time syllabus progression

The order in which grammatical items are introduced in **Grammar Time** follows the typical progression of most coursebooks. However, it is possible to select units in any order which is relevant and appropriate to the particular needs of your language classroom.

Organisation of Grammar Time 3 Pupils' Book

The main part of the book consists of:

- twenty-five core units
- five revision units called 'Use your English'

Additional reference material at the end of the book consists of:

- quick check verb form tables
- spelling rules
- unit by unit wordlist

Grammar Time Characters

There are recurring characters in Grammar Time 3-5: Harry Banks, Beth MacKenzie, Peter and Lucy Hardy. They all go to the same school – Peter and Harry are in the same class. Beth and Lucy are in the class below them.

- Harry is 12 years old. He is the editor of 'TeenLink', the school magazine. He loves basketball and watching DVDs with his friends.
- Beth is 11 years old. She's an assistant editor on 'TeenLink' and is a keen reporter. She's very intelligent and has lots of good ideas for the magazine.
- Peter is Harry's best friend. He's 12 years old. He loves sport and enjoys teasing his little sister, Lucy.
- Lucy is 11 years old. She's artistic and very strong-minded.
- Cosmo and Bella are Harry's cats, although they spend a lot of time at Peter and Lucy's house.

Core units

Each core unit is organised in the following way.

Presentation

Motivating and memorable content facilitates the acquisition of language. In **Grammar Time 3**, grammar is presented in context through cartoons featuring the four main characters, the two cats and their friends. Pupils can easily identify with the varied and amusing situations the characters find themselves in. The cartoons are recorded on the accompanying Multi-Rom.

Care has been taken so that larger "chunks" of grammar are broken down to make them more manageable for young learners. In **Grammar Time 3**, units vary in length according to the language item introduced. In Unit 14, for instance, which deals with the past simple, the first three pages present and practise the regular form of the past simple only. The following three pages present and practise the irregular form and the final spread brings all the forms together, reinforcing the work done in the previous six pages. This gives you some freedom to adapt the

pace according to the needs of each individual class, choosing either to break down the unit into two or even three different lessons, or to deal with the whole unit at one go.

Grammar reference tables and explanations

The grammar reference tables help focus the learners' attention on the new grammatical items in a visually memorable way. Students are often asked to complete the tables themselves, using language extracted from the presentation cartoons.

Following the tables is a Grammar Box, with explanations of form and use, which provides further clear examples of the grammar in context.

The tables and explanations appear together before the practice section. This makes it easy for pupils to refer to them while working through the exercises.

Exercises

The controlled practice exercises that follow each presentation are carefully graded to ensure that new language can be easily consolidated. They aim to recycle known vocabulary rather than introduce a large number of new lexical items, which would only serve to confuse and distract the pupils. The cartoon characters often appear in the exercises to provide realistic contexts for the grammatical items.

Each unit ends with a writing exercise, so that learners can put the new language they have learnt into use. Learners are given a clear model to follow and are then guided through the process of producing their own written work.

'Use your English' revision units

There are five revision units in the book. They allow for regular consolidation of the language presented and practised so far. The tasks aim to provide realistic and communicative contexts for the language to make it more memorable. Again, the lexis used is familiar to the learner.

Reference material

At the end of book, there are:

- an irregular verb list
- spelling rules for plural nouns, the third person singular (*he, she, it*), past simple, comparatives and superlatives, and verbs + *-ing*.

These provide a fast and simple way to review or revise these grammar areas.

Wordlist

This contains key lexical items from each unit. Your pupils may want to write in a translation of each word in their own language. They can use this for reference at home and for revision purposes.

For you, this list proves a preview of which words your pupils will need to know to be able to work alone on a unit. It can help you decide what key vocabulary to pre-teach before the Presentation.

Useful tips

Presentation

One of the main advantages of this series is its use of recurring cartoon characters which present grammar through amusing stories. The presentations are recorded on the Multi-ROM accompanying the Pupils' Book.

You can start off by asking pupils to look at the pictures and say what they think is happening. Depending on the linguistic level and perception of their class, you might find it useful to pre-teach key lexical items that appear in the presentation (using the wordlist if necessary).

You can then play the recording and either have the pupils follow in their books, or listen with books closed. It's a good idea to play the recording twice. The second time, you can ask pupils to repeat parts of the dialogue.

After listening to the recording, allow pupils to comment on the stories and give their opinions.

Follow-up ideas

- Pupils can act out the dialogues in class immediately.
- Pupils can be assigned to learn the lines of one of the characters for homework and act out the dialogues in the next lesson without books.
- You could write the dialogue on the board, leaving out key grammatical items, then ask pupils to fill them in.
- Pupils may be encouraged to write their own version of the story making any desirable changes (this can be done in class with the teacher as a resource; pupils then vote for the best version).

Grammar reference tables and explanations

It is advisable for you to go through these in class, before pupils work on the exercises. Pupils can be asked to read the items in the tables aloud (in chorus

and individually) to familiarise themselves with pronunciation and stress. You can ask them to supply further examples based on the tables.

Draw your pupils' attention to any additional explanations, and make certain that they understand, adding extra examples on the board if you wish.

When this is done, pupils could be asked to go back to the presentation and circle, underline or highlight all grammatical items in focus.

Controlled practice exercises

The simple instructions and examples provided make all exercises suitable for homework. However, it is always advisable to do a sufficient number of them in class, where you can prompt, help and advise. If necessary, do more than one item as an example and ask pupils to work through the rest of the activity individually or, preferably, in pairs.

Pupils should be encouraged to ask questions if they are in difficulty. You can usually guide them towards finding the answer on their own by looking back at the presentation and tables.

When it is time for checking, it is a good idea to encourage the rest of the class to say whether a particular answer given is acceptable or not, rather than accepting or correcting immediately. Multiple choice exercises or those which require a choice between two words (e.g. *was* or *were*), make them suitable for "voting" – that is, pupils are asked to put their hands up to choose one of the answers (the majority is usually right).

'Use your English' revision units

The 'Use your English' revision units are best done in class, as they contain speaking exercises as well as written exercises.

Teacher's Resource Book

This Teacher's Resource Book contains answer keys to all the exercises in the Pupils' Book, as well as additional photocopiable activities with teaching notes, Unit Quizzes and Progress Checks with answer keys.

Photocopiable activities

There is one photocopiable activity sheet for each unit in the Pupils' Book (apart from Units 20–21 which are both covered in one activity sheet). The activities consist of games and pairwork activities to activate the language practised in the unit in a lively and interesting way. This provides another opportunity to recycle the grammar and build your pupils' confidence in using the language.

The teaching notes explain how to use each activity and answers are provided where necessary.

Unit Quizzes and Progress Checks

There is a photocopiable Quiz for every two units in the Pupils' Book. The style of the tasks is appropriate for the assessment of language use at this level.

The Quizzes are best done in class after the completion of a unit and after homework has been checked. They do not take long and are a valuable form of assessment.

In addition, there are five Progress Checks, which review the same units as the 'Use your English' revision units. They help you assess which grammatical areas you may need to return to. They also highlight individual weaknesses for future revision.

It might be best for you to collect the Quizzes and Progress Checks and correct them before returning them to the pupils with the score and your comments. Comments should be positive and encouraging wherever possible.

With some classes, it helps to create an atmosphere of competition. You can do this by announcing at the beginning of the book that the three pupils with the highest overall score at the end of the year will receive a special commendation certificate or prize.

Multi-ROM / CD-ROM

The Multi-ROM or CD-ROM packaged with each Pupils' Book contains

For the teacher:

- 60 minutes of recorded material from the Pupils' Book, including all the Presentation cartoons and the final Speaking exercises. Some of the other cartoons and dialogues are also recorded, to allow pupils to listen and check their answers. This material can be played on an ordinary CD player. A  symbol indicates when an exercise is recorded.

For the pupils:

- extra practice exercises and games which can be done on a home computer. For each unit, there are up to five extra exercises including at least one listening exercise, as well as a final game to make learning fun. There are also five revision units for further consolidation. Only vocabulary that has been seen in the Pupils' Book is used, to facilitate pupils' understanding and allow them to focus on the grammar.

Teacher's notes for photocopiable activity sheets

Teacher's notes for photocopiable activity sheets

Unit 1

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Make pairs. Use one word from A and one word from B.

- Use the example of *school magazine* to show pupils how they can make compound nouns by choosing a word from box A and another from box B. Tell them that all the compounds are to be found in Unit 1. The only exception is *Grammar Time*, which should be recognisable.
- Pupils may work individually or in pairs.

Answers

school magazine	Grammar Time
football team	best friend
birthday party	living room

2 Write the words under the correct heading.

- Pupils must sort the words into the five categories shown. Use the examples – *short*, *fish*, etc. – to ensure that pupils understand the meaning of each category. You can draw five columns on the board and give further examples for each category, to ensure that pupils understand the task: *old*, *horse*, *mother*, *Greece*, *Music*, ...
- Revise the English name of your pupils' country, if this does not appear in the exercise.

Answers

Adjectives: short, new, tall, thirsty, hungry

Animals: fish, cat, dog, mouse, snake

People: friend, brother, neighbour, sister, student

Countries: Italy, China, England, Spain, Turkey

Subjects: Science, Geography, History, Maths, English

Unit 2

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Find five sentences.

- Beginning with the words in circles, pupils must find five sentences by moving up or down, left or right. One sentence is given as an example.
- Pupils should work in pencil, so that they can correct mistakes.

Answers

My sister is very tall.

Is that your dog?

My room isn't very big.

These are the photos from the picnic.

Cosmo and Bella are Harry's cats.

2 Unjumble this sentence.

- Pupils must put the words in order to create a sentence they have read in Unit 2.

Answer

These are the photos from Sarah's birthday party.

3 Write a jumbled sentence for your partner. Use a sentence from Unit 2.

- Pupils can refer to their Pupils' Book and create their own jumbled sentences for their friends to re-order.
- If you have enough time, invite pupils to come and write their jumbled sentences on the board and try to unscramble them yourself. Children enjoy playing the role of the teacher from time to time.

Unit 3

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Find and write.

- Use the illustration of the five children for questions around the class. Hold up your copy of the worksheet, point to the children and ask:

What's her/his name? What has she/he got? Has she/he got glasses? ... a cat? ... a dog? ... an umbrella? etc. What's she/he wearing? Is she/he wearing a T-shirt? ... shorts? etc.

- Pupils look at the ten small pictures and decide who each item belongs to by referring to the main picture. They then write captions to the pictures, using the possessive -s

Answers

| 2 Sarah's shoes | 7 Sarah's umbrella |
| 3 Charles' T-shirt | 8 Charles' shoes |
| 4 David's dog | 9 David's feet |
| 5 Fred's hat | 10 Fred's feet |

2 Match.

- The activity focuses on the noun phrases with of presented on page 16 of the Pupils' Book. Pupils draw linking lines to make complete sentences.

Answers

- 1 There's a swimming pool at the back of our school.
- 2 The end of this film is very funny.
- 3 There are two birds on the roof of that house.
- 4 Madrid is the capital of Spain.
- 5 I don't like the colour of this T-shirt.
- 6 There's a little house on the top of that mountain.

Unit 4

Preparation: Photocopy one activity sheet for every pupil in the class. Cut each sheet in half along the dotted line.

1 Ask and answer to complete the table. Write [✓] or [X].

- If your class is unfamiliar with information-gap activities, take some time to explain the procedure. Ask two confident pupils to come to the front of the class and demonstrate the activity. Once the class have understood the activity, they will be able to begin future pairwork activities with less rehearsing.

- Divide the class into A/B pairs. Give copies of sheets A and B to each pair. In their pairs, pupils ask questions to complete the table.
- If possible, arrange for pupils to sit facing each other, rather than side-by-side. This will prevent them looking at their friend's sheet and create a true information gap.
- Circulate and ensure that pupils are using the singular and plural forms of *have got* correctly.

2 Write sentences.

- Pupils write sentences using the information they obtained in Exercise 1.

Answers

A

- 1 Fred's mum and dad have got a car.
- 2 Helen's got a dog.
- 3 Fred's mum and dad have got a computer.
- 4 Fred hasn't got a computer.
- 5 Helen's mum and dad haven't got a car.

B

- 1 Helen's mum and dad have got a cat.
- 2 Helen hasn't got a cat.
- 3 Fred's mum and dad have got a car.
- 4 Fred hasn't got a dog.
- 5 Helen's mum and dad haven't got a computer.

Unit 5

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Read and draw.

- If necessary, revise the prepositions shown on page 24 of the Pupils' Book.
- Hand out the worksheets. Pupils read the caption for each picture and complete it, as instructed.

2 Read the clues and complete the grid. Find the mystery word.

- As pupils complete the six horizontal words in the grid, the six letters of the mystery word – written vertically – will be revealed.
- Depending on your class, you may wish to do the activity orally first and establish the answers to the six clues. Do not let pupils write during this preparation phase.

Answers

- | | |
|------------|--------------|
| 1 magazine | 4 laptop |
| 2 because | 5 at |
| 3 sandwich | 6 toothbrush |

The mystery word is *guitar*.

Unit 6

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Make and say sentences. Work in pairs and take turns.

- Before pupils begin work on the activity sheet, write on the board *Where's my pen? I can't find it*. Have the class repeat the sentences after you. Rub out *my pen* and substitute a name, e.g. Maria or the name of a pupil in the class. Say *Where's Maria? I can't find* — and elicit the object pronoun *her*.
- Continue in the same way with a boy's name, to elicit the pronoun *him*.
- Continue with a plural example, e.g. my keys. Point again to the sentences on the board, and ask pupils what needs to change: *Where are my keys? I can't find them*.
- For further reinforcement, read nouns from the list on the worksheet – *Lucy?* etc. – and have pupils give the full question: *Where's Lucy? I can't find her*.
- Hand out the activity sheet. Ask pupils to work in pairs and make questions like the one you wrote on the board. They must choose the correct words from each list. They can take turns to make questions, correcting each other's choices where necessary.

2 Write sentences from Exercise 1.

- Working alone, pupils write some of the sentences they created in Exercise 1.

Answers

Where's Lucy? I can't find her.
 Where are my keys? I can't find them.

Unit 7

Preparation: Photocopy one activity sheet for every pupil in the class. Cut each sheet in half along the dotted line.

1 Ask and answer to complete the text.

- Divide the class into A/B pairs. If possible, arrange the class so that pupils are sitting opposite their pairwork partner. Give copies of sheets A and B to each pair.
- Pupils take turns to ask their partner a question, in order to complete the gaps in the information about David and Fred. They should use the question words shown in speech bubbles at the bottom of the sheet.
- Depending on your class, you may wish to go through the questions orally before pupils work in pairs. If so, hand out only the A-sheets and ask pupils to share them. Rehearse the questions, but do not give answers. Then hand out the B-sheets and let pupils work in pairs.

Unit 8

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Choose the correct word.

- Pupils read the boy's description of his normal Sunday routine, and circle the correct word.

Answers

- | | |

| 1 usually | 5 read |
| 2 never | 6 at |

2 Find and underline one answer which is not possible.

- For each of A's questions, there are two possible correct answers and one which is not possible. Pupils must identify the impossible answer and underline it, as in the example.

Answers

- At seven o'clock.
- No, I don't.

Unit 9

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Find six sentences.

- Beginning with the words in circles, pupils must find five sentences by moving up or down, left or right. One sentence is given as an example.
- Pupils should work in pencil, so that they can correct mistakes.

Answers

I'm studying English at the moment.
I play football every day.
We always have lunch at twelve o'clock.
My brother is doing his homework right now.
Our teacher plays tennis once a week.
My cousin is staying with us this week.

2 Unjumble this sentence.

- Pupils must put the words in order to create a sentence they have read in Unit 9.

Answer

We always have a party on your birthday.

3 Write a jumbled sentence for your friend. Use a sentence from Unit 9.

- Pupils can refer to their Pupils' Book and create their own jumbled sentences for their friends to re-order.
- If you have enough time, invite pupils to come and write their jumbled sentences on the board and try to unscramble them yourself.

Children enjoy playing the role of the teacher from time to time.

Unit 10

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Choose the true answer.

- Pupils read the questions and circle the reply which is true for them. Depending on your class, you may wish to go through the exercise orally first. Encourage pupils to use short answers.

2 Ask two friends. Write [✓] or [X].

- Pupils' answers to Exercise 1 will allow them to complete the table in Exercise 2. Each pupil must choose two classmates and ask them the six questions about their tastes and aspirations. They write their classmates' names at the top of the column, then record their answers, using ticks and crosses.
- Insist on short answers throughout.

3 Write about your friends.

- Working individually, pupils write sentences reflecting the answers their classmates gave them in Exercise 2.

Unit 11

Preparation: Photocopy one activity sheet for every pupil in the class.

1 Look and correct the sentences.

- Ensure pupils understand that each of the seven sentences about the picture is incorrect. Their task is to look at the picture then write a correct version of the each sentence, as in the example.

Answers

- There's some fruit in the bowl.
- There aren't any sandwiches in the fridge.
- There is some milk in the fridge.
- There are two/some bananas in the bowl.
- There's one cake in the fridge.
- There aren't any eggs in the fridge.
- There are two oranges in the bowl.

2 Write the words under the correct heading. Then find them in the word square.

- Pupils write the words under the correct heading, then find and circle them in the word square. Words read horizontally from left to right, vertically from top to bottom, but not diagonally or backwards.
- Tell the class that the countable nouns are all written horizontally and the uncountable nouns are written vertically. This will allow them to check that their answers are correct.
