

# Grade 5

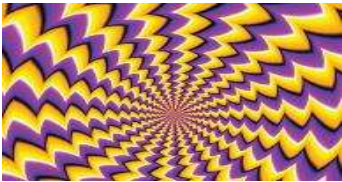

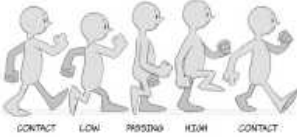

# Revision For Final Exam

## Unit 1&3

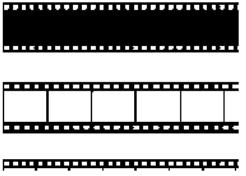

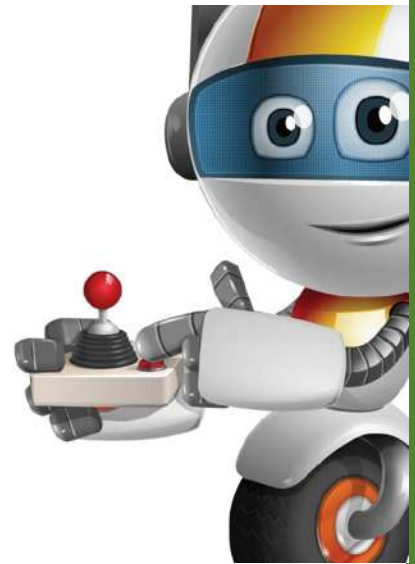

# New Words

<b>animation</b>	the process of giving the illusion of movement to drawings, models, or non-living objects	
<b>illusion</b>	when a person's eyes, ears, or sense of touch are tricked, in some way.	
<b>2D</b>	two dimensional'. Image is flat and not realistic.	
<b>3D</b>	three dimensional'. More than one face can be seen and looks realistic.	
<b>Traditional animation</b>	when a picture is drawn lots of times and shown together	
<b>2D vector based animation</b>	same as traditional animation, but done on a computer instead.	
<b>3D computer animation</b>	when a 3D character is made on the computer and is placed in different positions to make a movie.	

# New Words

<b>motion graphics</b>	used to make text and graphics look fun. It is used for logos and movie openings	
<b>Stop motion</b>	uses a camera to take pictures of objects in different positions,	
<b>Frame</b>	a single picture on a film strip	
<b>Picture gallery</b>	place where you store your pictures on your device	

# Types of animation:

There are 5 types of animations.

These are:

- # Traditional animation
- # 2D vector-based animation
- # 3D computer animation
- # Motion graphics
- # Stop motion

Traditional	2D	3D	Motion graphics	Stop Motion
Older form	Same as traditional but use computer	Most form used	Very different to all other forms of animation	using a camera
Draw lots of time	Don't need to be good at drawing	Works differently than traditional animation	Does not have a story or characters	take pictures of objects in different positions
Shown very quickly	Saves a lot of time! Not drawn lots of time	Don't need to be good at drawing	It is the art of moving graphics or text in a fun way.	shown quickly
Take lots of time	Cheap and easy		Used for logos	

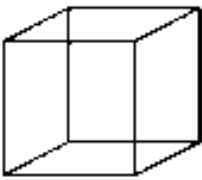

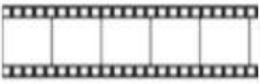

## SECTION 1 : Matching:

Match the words to the picture.

Write the matching letter in the correct box

<b>3D</b>	
<b>Tools</b>	
<b>Frame</b>	
<b>2D</b>	
<b>Stop Motion</b>	

	<b>A</b>
	<b>B</b>
	<b>C</b>
	<b>D</b>
	<b>E</b>

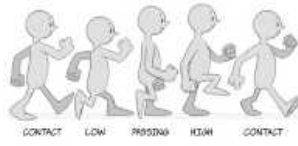

## SECTION 1 : Matching:

Match the words to the picture.

Write the matching letter in the correct box .

<b>3D</b>	
<b>Traditional amination</b>	
<b>animation</b>	
<b>2D</b>	
<b>gallary</b>	

	<b>A</b>
	<b>B</b>
	<b>C</b>
	<b>D</b>
	<b>E</b>

## SECTION 1 : Matching:

Match the words to the correct sentences.

Write the matching letter in the correct box .

<b>Traditional animation</b>		The same as traditional animation, but using a camera instead of drawing	<b>A</b>
<b>Stop Motion</b>		This method is cheap and easy to use.	<b>B</b>
<b>2D</b>		the older form of animation	<b>C</b>
<b>Graphics motion</b>		type of animation is used the most from all the animations	<b>D</b>
<b>3D</b>		Used for logos and movie openings	<b>E</b>

## SECTION 2 :Is it a 2D or 3D?

Does the image show a cybercrime?  
Circle the correct answer Yes OR No.

1		Yes / No
2		Yes / No
3		Yes / No
4		Yes / No

## Is it a 2D or 3D

Does the image show a cyber Rules?  
Circle the correct answer Yes OR No.

1		Yes / No
2		Yes / No
3		Yes / No
4		Yes / No

## SECTION 3 : Multiple Choice Questions

Choose and circle the correct answer A – B or C .

1. **2D stand for \_\_\_\_\_**

- A) Two dimensional
- B) Three dimensional
- C) Two direction

2. **Very different to all other forms of animation and have no story or characters**

- A) Traditional animation
- B) 2D vector based animation
- C) Motion graphics

3. **The movie ( Dark Woods ) is \_\_\_\_\_ animation**

- A) 2D
- B) 3D
- C) Stop Motion

4. **Stop motion is the same as traditional animation, but rather than drawing a \_\_\_\_\_ is used**

- A) camera
- B) 3D character
- C) paper

## SECTION 3 : Multiple Choice Questions

Choose and circle the correct answer A – B or C .

**5. Take a lot of time**

- A) Stop motion
- B) 2D vector based animation
- C) Traditional animation

**6. A single picture on a film strip is called a:**

- A) gallery
- B) animation
- C) frame

**7. How many frames per second do movies in the cinema use?**

- A) 12
- B) 24
- C) 50

**8. What is a picture gallery?**

- A) A place to store pictures.
- B) A place to store music.
- C) A place to download movies.

**9. While recording your video, your camera should:**

- A) shake a lot.
- B) not move.
- C) be upside down
