## Writing

### The person you admire most

- Who is the person?
- What is he like?
- What do you like about him?
- How has he influenced you?

## Plan

{ A description of a person }

### \* Introduction:

- Give some general information about the person [ name, how you know each other.

### \* Main part: [ 2 paragraphs ]

- Describe the person's character and try to give some examples.
- Say what influence the person has had on you and or other people.

### \* Conclusion:

- Make a general comment about the person. Say how you feel about him.

The person I admire most is my secondary school English teacher, Mr Nabil. He taught me in my final years and before him, I had no interest in English. However, when I finished school, it was my favourite subject.

Mr Nabil was very serious and quite strict, but he also had a wonderful sense of humour. The thing I can't forget about him is his enthusiasm for the subject. This rubbed off on nearly all his students because he motivated them to become interested, too.

As for myself, Mr Nabil had a lasting effect on me. He was the main reason I chose to continue my studies in English. He helped me choose the best university for what I wanted to study. He also made me believe in myself and now I'm really confident that one day I'll fulfil my dream of becoming a teacher.

I'll never forget Mr Nabil. I'm glad that he still teaches at my old school, and I hope that the students he teaches now appreciate him as much as I did.
