**General Notes**

- In the overview, the duration for each module is from 14 to 15 blocks .
- **Six modules will be taught in the second semester starting from module 5 till 10.**
- Teachers' notes document provides the key answers, ideas and strategies for teaching.
- The cover page of each module includes the standards' content and numbers.
- Focus on the competencies that are represented in symbols next to each activity in the book. Kindly make sure to tick the targeted competency in the lesson plan template.
- CLIL stands for "Content and Language Integrated Learning "which integrates subjects such as science, PE, social studies ...etc in English .
- **We highly recommend** that 'Round up' and 'Extra Practice' lessons are given after TOP Time ( when applicable) as their main purpose is to consolidate the standards that have been tackled throughout the whole module.
- 'Top time' refers to texts that tackle Qatari culture and other countries.
- Refer back to the "Grammar Reference" section to focus on what students need to acquire.
- Kindly refer back to the main focus column in the semester overview and the **SUGGESTED** number of blocks for each lesson.
- Prepare supplementary resources such as flashcards, powerpoints , videos etc.... to meet the needs of your students.
- During mid-term exam ,you are supposed to **continue teaching module 8** to avoid any delay.
