## Attention

- The core teaching and learning resources include only Student's Book and Teacher's Notes for this year. Make use of the available resources in order to meet the particular needs of your students. It is important to plan lessons carefully with these needs in mind.
- When planning, teachers are to use the new standards provided in 'Grade 8 Curriculum Standards tracker' which is already uploaded on the MOE English site .
- It is essential to exploit the reference section materials at the back of the book for reinforcement and learning support throughout the course of this academic year (2018-2019).
- Model answers for all SB activities are included in the Teacher's Notes.
- The Prep. resources contain a separate section on 'Extra Practice' with additional practice exercises that teachers can draw on for the purpose of differentiation, consolidation or reinforcement to meet specific learning needs.
- The writing sections in all units and writing reference together fully cover the writing standards.
