### Gulliver's travels

### رحلات جلفر

Lemuel Gulliver loved to travel and he loved adventures. This is the story of one of his strange adventures. It all began when Gulliver boarded a ship for India. The journey was a difficult and dangerous one: there was a violent storm, so the ship hit some rocks and sank.

(ليمول جلفر) أحب أن يسافر وأحب المغامرات . هذه قصة إحدى أغرب مغامراته . القصة كلها بدأت عندما ركب جلفر سفينة متجهة إلى الهند . الرحلة كانت صعبة وخطيرة : كان هناك عاصفة عنيفة فضربت السفينة بعض الصخور وغرقت .

The passengers were terrified. Some tried to escape in a small boat, but it capsized, and only Gulliver survived. Gulliver swam for his life and just as he was about to give up hope, he saw land. He pulled himself out of the sea and fell down on the sand, and soon, he was asleep.

الركاب كانوا خائفين . بعضهم حاول أن يهرب في قارب صغير ، لكنه انقلب ، وجلفر كان الوحيد الذي نجا . سبح جلفر لينجو بحياته وعندما كان على وشك أن يفقد الأمل ، رأى اليابسة . سحب نفسه خارج البحر وسقط على الرمال ، وسرعان ما نام .

When he woke up, he couldn't move at all because he was tied to the ground. Slowly, he pulled his hair free and lifted his head. There were tiny men all over him! "Hey!" Gulliver shouted. The tiny men were frightened, and jumped away from him. Then they brought a small ladder to Gulliver, and a tiny man climbed up and shouted at him, but Gulliver didn't understand a word. He was hungry, so he pointed to his mouth. "Hungry," he said. The tiny men seemed to understand him because a crowd of tiny people soon appeared. Each person carried huge amounts of very small food and Gulliver ate it all. Then the tiny people brought him water, which he drank quickly. After a few seconds, he fell asleep again, and the people began to do their work.

عندما استيقظ ، لم يتمكن من الحركة بالمرة لأنه كان مقيداً بالأرض . ببطء ، حبر شعره ورفع رأسه . كان يوجد رجال صغار جداً فوقه . "انتم!" صاح جلفر . الرجال الصغار خافوا ، وقفزوا بعيداً عنه . ثم جلبوا سلماً صغيراً لجلفر ، وتسلق أحدهم وصاح فيه ، لكن جلفر لم يفهم كلمة . كان جائعاً ، فأشار إلى فمه . قال: "جائع". بدا وكأن الرجال الصغار فهموه لأن جمهور من الرجال الصغار سرعان ما طهروا . كل شخص حمل كميات كبيرة من طعام صغير وأكله جلفر كله . ثم الناس الصغار جلبوا له الماء ، فشربه بسرعة . بعد بضع ثواني ، غرق في النوم ثانية ، وبدأ الناس بالقيام بعملهم .

They quickly built a wooden cart, and pulled Gulliver onto it. Then they took him away to their capital city. Milando.

When Gulliver woke up, he found that he was outside an old palace. He soon realised that the tiny people wanted him to live in the old palace because it was large enough for him, but he still couldn't understand them. Then he

noticed that he was a prisoner - his arms were tied to the doors of the palace! As he stood there, hundreds of tiny people came to look at him. Gulliver was so amazed. It was like a toy town.

بنوا عربة خشبية بسرعة وحملوا جلفر عليها . ثم أخذوه بعيدا إلى عاصمتهم مدينة (ميلاندو) . عندما استيقظ جلفر ، وجد نفسه خارج قصر قديم . سرعان ما أدرك أن الناس الصغار أرادوا له أن يسكن في قصر قديم لأنه كان كبيرا يتسع له ، لكنه كان مازال لا يفهمهم . ثم لاحظ أنه كان سجيناً - ذراعاه كانتا مربوطتين بباب القصر! عندما وقف هناك ، مئات صغار الناس جاءوا لينظروا إليه . كان جلفر مندهشاً . البلدة كانت كمدينة ألعاب .

Soon, the Emperor came to see Gulliver, but they couldn't understand each other. "I need to think about this," said the Emperor. So he left some of his people to guard Gulliver and went away. The Emperor asked his friends what to do with Gulliver, and after much thought, he finally made a decision. "He can stay in my kingdom," he said. "We will give the giant food and clothes, and teach him our language." Soon, Gulliver had everything he needed, but he was still tied up in the old palace, like a prisoner.

سرعان ما جاء الإمبراطور لرؤية جلفر ، لكنهما لم يستطيعا فهم بعضهما . "احتاج لأن أفكر بهذا" قال الإمبراطور . لذا ترك بعض رجاله لحراسة جلفر وذهب بعيداً . سأل الإمبراطور أصدقائه ماذا يفعل بجلفر ، وبعد الكثير من التفكير ، اتخذ قراراً أخيراً . " بإمكانه أن يبقى في المملكة " قال . " سنعطى العملاق طعاماً ولباساً ، ونعلمه لغتنا " . سرعان ما حصل جلفر على كل ما احتاج إليه ، لكنه كان مازال مقيداً في القصر القديم ، كالسجين .

Freedom

الحرية

Gulliver learnt the people's language quickly as possible. Then he asked to the Emperor, "Please set me free!" he said, but the Emperor wasn't sure. Gulliver had to wait. So he learnt more about the country, which was called Lilliput. Every day, he asked if he could leave the old palace. Finally, the emperor agreed. "Let him go," he said. "The giant can go where he likes, but he must ask first" Gulliver agreed, and set off to explore the city. All the tiny people stayed inside their houses. They were scared of his big feet!

تعلم جلفر لغة الناس بأسرع ما يمكن . ثم قال للإمبراطور " أرحوك أطلق سراحى!" لكن الإمبراطور لم يكن مطمئنا . كان على جلفر أن ينتظر . فتعلم المزيد عن البلد التي كانت تدعى (لليبيت) . كل يوم كان يسأل فيما إذا كان بإمكانه مغادرة القصر القديم . أخيرا وافق الإمبراطور . "دعوه يذهب" " العملاق بإمكانه أن يذهب حينما أراد، لكن عليه أن يطلب الإذن أولا" وافق جلفر ، وانطلق ليستكشف المدينة . كل الناس الصغار بقوا في داخل بيوتهم . كانوا خائفين من أقدامه الضخمة!

Lilliput seemed like a peaceful place, but Gulliver soon found out that it wasn't. One day, the Emperor asked to see him. "I have some terrible problems," he said, "We're at war with a nearby island, Blefescu, and I've heard that ships are coming from Blefescu today to attack us! You have to help us, Gulliver!" "I'll see what I can do," Gulliver replied. Then he went to the hills above Lilliput, and looked out to sea. It was easy for him to see the island of Blefescu in the distance.

(لليبيت) بدت مكانا مسالما ، لكن سرعان ما وجد جلفر بأنها لم تكن كذلك. ذات يوم ، طلب الإمبراطور رؤيته . " لذي بعض المشاكل القطيعة، نحن في حالة حرب مع جزيرة مجاورة تدعى (بليفيسكو) وسمعت أن سفنا قادمة من(بليفيسكو) اليوم لنهاجمنا! يجب عليك أن تساعدنا يا جلفر!" " سارى ماذا أستطيع أن افعل" أجاب جلفر . ثم ذهب إلى التلال فوق (لليبيت) ، ونظر إلى البحر . كان من السهل عليه أن يرى جزيرة (بليفيسكو) عن بعد .

He could also see many tiny ships on the sea. There were more than fifty of them! "I'll need some ropes to help you," he told the Emperor. However, the Emperor's ropes were so small that Gulliver had to tie a hundred of them together, just to make one big rope. It took him a long time to make the big rope, but finally it was ready. Gulliver took his rope with him and walked into the sea with it. Because he was so big, it only took him a few minutes to reach the tiny ships, which were still close to the Island of Blefescu.

استطاع أن أيضا العديد من السفن الصغيرة في البحر . كان هناك أكثر من خمسين سفينة . " احتاج لبعض الحبال كي أساعدك " قال للإمبراطور . على أنه حال ، حبال الإمبراطور كانت قصيرة جدا لدرجة أن جلفر اضطر لربط المئات منها لعمل حبل طويل واحد . اخذ منه وقتا طويلا لعمل الحبل الطويل ، لكنه أخيرا كان جاهزا . جلفر اخذ حبله معه ومشى داخل البحر . لأنه كان كبيرا جدا ، استغرق بضع دقائق للوصول إلى السفن التي كانت مارالت قربه من جزيرة (بليفيسكو)

When the sailors saw Gulliver, they were so frightened. He was huge and terrifying to them. Many of the sailors dived into the sea to try to escape from him. Gulliver used his rope to tie all the tiny ships together. Then he pulled all fifty of them over the sea, back to Lilliput with him. Although the people of Lilliput were happy that Gulliver had saved them from an attack, the Emperor still wasn't satisfied. He wanted to fight the people of Blefescu, but when Gulliver refused to help him, there was nothing the Emperor could do.

عندما رأى البحارة جلفر ، كانوا خائفين جدا . كان ضخما ومخيفا لهم . العديد من البحارة غاصوا في البحر لمحاولة الهرب منه . جلفر استخدم حبله لربط كل السفن الصغيرة معا . ثم جر خمسين سفينة منها عبر البحر عائدا إلى (لليبيت) . رغم أن سكان (لليبيت) كانوا سعداء لأن جلفر أنقذهم من الهجوم ، إلا أن الإمبراطور كان مازال غير راض . أراد أن يحارب شعب (بليفيسكو) ، لكن عندما رفض جلفر مساعدته ، لم يكن بوسع الإمبراطور فعل أي شيء .

The Emperor was angry with Gulliver for several weeks. Then, one night, there was a terrible fire at the palace. Huge flames came out of the windows, and nobody was able to stop them. The people ran to get Gulliver to help them. He was easily able to throw water over the whole palace because he was so large. After Gulliver saved the palace, the Emperor was very pleased with him.

غضب الإمبراطور من جلفر لعدة أسابيع . ثم ذات ليلة ، كان هناك حريق فظيع في القصر . لهب ضخما خرج من الشبائيك ، ولم يتمكن أحد من إيقافه . هرع الناس إلى جلفر ليساعدهم . كان بسهولة قادرا على إلقاء الماء على كل القصر لأنه كان ضخما جدا . بعدما أنقذ جلفر القصر ، سر الإمبراطور منه كثيرا .

### Escape

### الهروب

Gulliver began to enjoy life in Lilliput, although he often thought of home. The tiny people were very kind to him. They brought him three hundred meals every day, and made him some new clothes. However, there was a problem. Because Gulliver was so large, he was very expensive to keep. Flimnap, who worked for the Emperor and looked after his money, didn't like Gulliver. He told the Emperor that Gulliver cost too much, and the Emperor agreed with him. Then Flimnap told everyone that Gulliver

بدأ جلفر يستمتع بالحياة في (لليبيت). رغم أنه غالبا ما كان يفكر في وطنه . الناس الصغار كانوا لطيفين معه . أحضروا له ثلاثمائة وجبة كل يوم وصنعوا له بعض الملابس الحديدية . مع ذلك ، كان هناك مشكلة . لأن جلفر كان ضخما جدا ، كانت العناية به مكلفة جدا . (فليمناپ) الذي كان يعمل لدى الملك ويهتم بأمواله ، لم يحب جلفر . أخبر الإمبراطور أن جلفر يكلف الكثير ، ووافق الملك على ذلك . ثم أخبر (فليمناپ) الجميع بأن جلفر

wanted to rule Lilliput, and he and some others decided to kill Gulliver. Gulliver discovered that his life was in danger, but only just in time. He hurried to the sea, and found a small ship there. He put everything he had on the ship, tied the ship to his rope, and pulled it behind him. Then he walked through the waves to the island of Blefescu.

يريد أن يحكم (لليبيت) فقرر هو وآخرون قتل جلفر . اكتشف جلفر أن حياته كانت في خطر في الوقت المناسب . أسرع إلى البحر ، ووجد سفينة صغيرة هناك . وضع كل ما كان لديه في السفينة وربط السفينة بالحبل وسحبها خلفه . ثم مشى عبر الأمواج إلى جزيرة (بليفيسكو) .

When Gulliver arrived at the island, the King came to meet him. To his surprise, the King told him to stay for as long as he wanted. Gulliver was very grateful to be safe.

عندما وصل جلفر الجزيرة ، جاء الملك لملاقاته . لدهشته ، طلب الملك منه أن يبقى طوال ما أراد . جلفر كان ممتنا لأنه نجا .

One day, a week later, Gulliver saw a boat in the sea, not far from Blefescu. It capsized, but Gulliver could see that it was big enough for him. He rushed to the King. "This is my chance to go home!" he said. "Can you help me to rescue the boat?" "Of course," said the King. "Take some of my ships to help you." So Gulliver took the King's ships with him, and used them to pull the capsized boat out of the sea.

While Gulliver worked on fixing the boat, some of the King's men made a new sail for the boat. It was constructed from thirteen layers of the strongest material in the land.

ذات يوم ، وبعد أسبوع ، رأى جلفر قارباً في البحر ، ليس بعيداً عن (بليفيسكو). انقلب القارب ، لكن جلفر استطاع أن يرى أنه كبير يتسع له . أسرع إلى الملك " هذه فرصتي للعودة إلى الوطن! " قال . " هل يمكنك أن تساعدني لإنقاذ القارب؟ " بالطبع. " قال الملك . " خذ بعض سفنني لتساعدك . " فآخذ جلفر سفن الملك معه واستخدمها لسحب القارب المقلوب خارج البحر . بينما كان جلفر يصلح القارب ، صنع رجال الملك شراعاً للقارب . تمت صناعته من ثلاثين طبقة من أقوى المواد على وجه الأرض .

Finally, the boat was ready. "I'm leaving now," Gulliver told the King, "but nobody at home will believe my story. Can I take some of your people with me?" "I don't think that's a good idea. Gulliver," said the King. "However, you can take these gold coins with you." Then he gave Gulliver some tiny bags of money.

أخيراً ، كان القارب جاهزاً . " سأعادر الآن " أخبر جلفر الملك ، لكن لا أحد في الوطن سيصدق قصتي . هل أستطيع أن آخذ بعضاً من شعبك معي؟ " لا اعتقد أن تلك فكرة جيدة يا جلفر. " قال الملك . " مع ذلك بإمكانك أخذ هذه العملات المعدنية معك. " ثم أعطى جلفر بعض أكياس المال الصغيرة .

Gulliver thanked the King and promised never to forget the people of Blefescu. Then he sailed away in his boat. After a few days at sea, Gulliver saw a large ship. He shouted and waved wildly at it. The ship's crew saw him, and sailed over to find out what the problem was. They soon realised that Gulliver was alone in a small boat. "Where have you come from?" asked the captain. "From Lilliput and Blefescu," Gulliver replied, and he showed the captain the tiny bags of gold coins that he had with him. The captain was amazed. For a few gold coins, he agreed to take Gulliver home on his ship.

جلفر شكر الملك ووعد أن لا ينسى أهل (بليفسكو) . ثم أبحر بعيدا في قاربه . بعد بضعة أيام في البحر ، جلفر رأى سفينة ضخمة . صاح ولوح بحماس لها. طاقم السفينة رآه وأبحر نحوه ليعرف ما المشكلة . سرعان ما أدرك أن جلفر كان وحيدا في قارب صغير . " من أين جئت؟" سألته القبطان . " من (لبييت) و (بليفسكو)" أجاب جلفر . وأطلع القبطان على الأكياس الصغيرة من القطع الذهبية التي كانت معه . اندهش القبطان . مقابل بضعة قطع ذهبية ، وافق أن يأخذ جلفر إلى الوطن على سفينته .

- a. Non-verbal communication is very important.
- b. Your body can speak an international language.
- c. You must use your body language to communicate better.

Answer: c

#### SPEAK WITH YOUR BODY WELL

There's a difference between what we say and what people understand from the words we utter, When we speak, we also communicate and

deliver messages with our face, our hands and even with our whole body. We call this kind of communication body language or non-verbal communication.

Body language also includes hand gestures, facial expressions and eye contact. Psychologists estimate that almost 80% of our daily communication with people is non-verbal.

Our feelings, moods and attitudes are expressed better with our body language than with the words we say.

For instance, if you say something positive with a negative facial expression, people won't believe your words as much as they will believe your nonverbal facial expression.

As a result, your words will not successfully deliver your message. So if you want to succeed in communicating your thoughts and feelings, you must learn to "speak" with your body well!

2 According to the writer:

1. Why is body language more believable than our words?

2 How can we "speak" with our body?

3 Do you agree with the writer's opinion about body language? Why / Why not?
