A vibrant, cartoon-style illustration of a family picnic in a park. In the foreground, a group of adults and children are gathered around a table with food and drinks. A woman is holding a baby. In the background, children are playing with balloons and a ball near a pond. The scene is set under a large tree with red fruit, with a sun and birds in the sky.

English World

the adventure starts here!

English World is the first-ever integrated ten-level print and digital English course for primary and secondary schools. Written by the authors of the best-selling *Way Ahead* and *Macmillan English*, the course aims to give learners confidence in speaking, listening, reading and writing. Thorough grammar and skills work is applied in natural contexts in the real world through dialogues and cross-curricular material. Independent learning is promoted through portfolios, projects and the use of the dictionaries.

The visually stunning printed resources are complemented by electronic materials for use with an interactive whiteboard and videos of all dialogues using native-speaker students in context, together with a complete teacher training package with video masterclasses. Other features include a test builder, animated posters, interactive phonics activities and singalong versions of songs.

The adventure begins in Levels 1 and 2 of English World where children are introduced to Dan, Lily, Mr Jolly and a wonderful cast of colourful characters. Level 1 is for children who have had some exposure to English, but are just beginning to read and write.

'We believe that learning should be enjoyable - hard work, too, but at the same time something that children will find interesting and motivating.'

Mary Bowen and
Liz Hocking
