

# Unit 1

## a

**active** (adj) (1) always ready and able to do things

Tom is an **active** boy and he swims every day.

(2) ready and working

This **active** volcano often has smoke coming from the top.

## b

**bet** (v) to believe that something will happen

"I **bet** I can run faster than you," said Harry.

"I **bet** you can't," replied Peter.

**bubble** (v) to make bubbles

The hot soup **bubbled** in the pan.

## c

**crater** (n) (1) the opening at the top of a volcano

The sides of a **crater** are often steep.

(2) the bowl-shaped hole in the ground made by an explosion

The firework went off and left a small **crater** in the ground.

## d

**dangerous** (adj) likely to harm or hurt

Lions are **dangerous** wild animals.

**diary** (n) a book in which a person writes what they have done each day

We can learn a lot of history from old **diaries**.

**dragon** (n) an imaginary creature that can fly and breathes fire

People used to believe that **dragons** were real animals.

## e

**erupt** (v) to throw hot rocks and dust high into the air

Sometimes a volcano **erupts** with a massive explosion.

**eruption** (n) the event when a volcano erupts

The **eruption** of the volcano killed thousands of people.

**expert** (n) a person who knows a lot about something

My uncle is an **expert** in engineering.

## f

**feed** (v) (1) to give food

Mothers **feed** tiny babies with milk.

(2) to put more into something to keep it full

You must **feed** more paper into the printer because it is nearly empty.

(3) to eat

Elephants **feed** on grass and branches.

**fountain** (n) a structure that shoots water into the air

The **fountain** in the park is in the middle of a pool.

**furious** (adj) very, very angry

My brother broke a window and Dad was **furious**.

## g

**geologist** (n) a person who studies the earth and its rocks

**Geologists** study rocks to find out how old they are.

**geyser** (n) a hot spring that sometimes throws up water

Some **geysers** throw water five metres in the air.

**glacier** (n) a river of ice that is found in some mountains

You can walk across a **glacier** but you must be careful.

**guide (n)** a person who shows the way

A **guide** took us to the caves in the desert.

**h**

**hot spring (n)** hot water that rises up out of the ground

Some **hot springs** are deep enough to swim in.

**i**

**Iceland (n)** an island in the north Atlantic Ocean

**k**

**kingfisher (n)** a bright blue bird that lives near rivers and catches fish

We saw a flash of blue as the **kingfisher** dived into the river.

**l**

**lava (n)** the hot, liquid rock that comes out of a volcano

When **lava** cools it goes hard.

**lynx (n)** an animal in the cat family

A **lynx** has brown and grey fur and pointed ears.

**m**

**mud (n)** wet earth

Please clean the **mud** off your shoes before you come in.

**mud pot (n)** a kind of hot spring where a little water mixes with volcanic ash and makes a hot, muddy pool

**Mud pots** sometimes bubble noisily.

**p**

**peculiar (adj)** strange, unusual

This plant is very **peculiar** because it eats insects.

**personal (adj)** belonging to a person

The children keep their **personal** possessions in their bags.

**point (n)** a particular place

We watched the sailing race from a **point** along the beach.

**point of view** the place from which one sees things

From John's **point of view** the film was boring but John doesn't like films, anyway.

**r**

**rare (adj)** unusual, not often seen

The giant panda is very **rare** and not many people have seen one.

**rough (adj)** not smooth

The bark of a tree feels **rough**.

**s**

**shoot up (v)** to go upwards very fast

Dad lit the firework and it **shot up** into the sky.

**spectacular (adj)** amazing to look at

The gold and silver palace **was really spectacular**.

**steam (v)** to send up a cloud of tiny water drops into the air

The pot of soup was **steaming** over the fire.

**student (n)** a person who is learning

My cousin is a **student** at the university.

**t**

**tap (n)** a metal object for turning on water

Mum turned on the **tap** and filled the jug.

**thrilling (adj)** very exciting

Our journey across Australia was a **thrilling** adventure.

**tomato (n)** a small, round, red fruit that grows on a plant

We had **tomato** and cheese pizza for lunch.

**v**

**volcano (n)** a place on the surface of the earth where hot rock rises up from below

Some **volcanoes** look like mountains.

**w**

**weird (adj)** very strange

I was scared when I heard **weird** noises in the dark.

**whoosh** (n) the sound made by something that is moving fast

The rocket took off with a loud **whoosh**.

**wildlife** (n) all things that live, including birds, plants and animals

Even a small garden has interesting **wildlife** in it.

## Unit 2

### a

**amount** (n) the number, size or weight of something

There was a small **amount** of sugar in the jar.

### b

**barrier** (n) a fence or wall that stops someone or something from going from one area to another

After the tree fell down, the police put a **barrier** across the road.

**battery** (n) an object that holds electricity and is used to make things work

Dad put a new **battery** in my torch.

**blade** (n) a thin flat piece of metal

This knife has a very sharp **blade**.

### c

**calculator** (n) an object used to work out sums

You can use a **calculator** in this maths test.

**coast** (n) the edge of the land next to the sea

Some **coasts** are rocky and some are sandy.

### d

**decision** (n) something you decide to do

My cousin made the **decision** to study engineering.

**discuss** (v) to talk about something and give your ideas about it

The children **discussed** their project and agreed to make a poster.

### e

**energy** (n) (1) power, strength

You need a lot of **energy** to run 10 km.

(2) the power that makes things work

This new car runs on electrical **energy**.

**explanation** (n) (1) a reason why something happens or has happened

Dad did not believe Sam's **explanation** for the broken window.

(2) how something works or has happened

The teacher gave an **explanation** of a volcano.

### f

**face** (v) to put the front part towards something

The palace **faces** the river.

### g

**generator** (n) a machine that makes electricity

When the electricity is cut off, this hospital uses its own **generator**.

### l

**look** (n) how a person appears because of his clothes or actions

That man with the orange and green hat has a very strange **look**.

### m

**material** (n) (1) cloth

Grandma's new dress is made of green and blue **material**.

(2) things that are used to make objects

Wood, glass and metal are good **materials** for buildings.

## n

**natural** (adj) coming from nature

This waterfall is **natural** but Dad made the pool.

## p

**power** (n, v)

(1) (n) strength

An elephant can lift trees because of the **power** of its trunk.

(2) (n) energy

Nowadays, solar **power** can be used to heat buildings.

(3) (v) to make something work

Electricity **powers** the lights in this building.

**puzzled** (adj) not understanding something

When Ben opened the heavy box he was **puzzled** because it was empty.

## r

**reflect** (v) to send light back from a shiny surface

The jewels in the queen's crown **reflected** the candlelight.

**renewable** (adj) can be made again as new

In a **renewable** forest big trees are cut down and new ones are planted.

**run out** (v) to have no more of something

Mum **ran out** of sugar so I went to the shop to buy some more.

## s

**secret** (adj) information that only one person or a few people know

When you keep a **secret** you mustn't tell anyone what you know.

**solar cell** (n) an object which changes energy from the sun into electricity

Some road signs are powered by **solar cells**.

**spare** (adj) extra, not being used

Ben gave Nina his **spare** pencil so that she could do her work.

**spare time** free time when you don't have to do something else

Lily reads adventure stories in her **spare time**.

**steam** (n) the cloud of tiny water drops that rises from hot liquid

**Steam** came out of the factory chimney.

## t

**tide** (n) the rise and fall of the sea every day

When the **tide** goes out you can find shells on the sand.

**trust** (v) to be sure of someone

Dad doesn't **trust** our gardener because he's lazy and tells lies.

**turbine** (n) a machine that is turned by air or water to make electricity

On a wind farm the **turbines** are turned by the wind.

## w

**waterwheel** (n) a wheel that is turned by the flow of a river

When the river is full the **waterwheel** turns quickly.

**windmill** (n) a building with four blades that are turned by the wind to make energy

A long time ago, **windmills** were used to power machines.

# Unit 3

## b

**bank** (n) the edge of the land next to a river

Plants and trees often grow on the **banks** of a river.

**barbed wire** (n) long thin metal with short, sharp points on it used for fences

The **barbed wire** fence stopped the cows from getting out.

**belong (v)** to be owned by

This house **belongs** to my uncle.

**binoculars (n)** special glasses that make things a long way away look bigger

I looked at the eagle through Dad's **binoculars**.

**board up (v)** to cover something with boards

The windows of the empty shop were **boarded up**.

**borrow (v)** to use something that belongs to another person for a short time

If you want to **borrow** something, you must always ask first.

The professor put his **briefcase** on the floor beside his desk.

**bump into (v)** (1) to meet by chance

We **bumped into** my aunt when we were at the mall.

(2) to hit or knock against something

The car **bumped into** the wall and it fell down.

## d

**dull (adj)** not bright

The sky was grey and **dull** so we didn't go to the beach.

**dye (n)** a liquid that is used to colour cloth

In a factory, many metres of cloth are put into a huge bowl of **dye** at one time.

## e

**event (n)** something that happens

The queen's visit to our school was an exciting **event**.

**expect (v)** to think something is going to happen

I **expect** the bus will come early so we must run to the bus stop.

## f

**fact (n)** something that is known to be true

It is a **fact** that Earth goes round the sun.

**in fact** really, truly

Ben is very tall. **In fact**, he is the tallest boy in the class.

**flow (v)** to move along smoothly

The water **flowed** under the bridge.

**fuss (n)** a lot of trouble

Our new TV didn't work so Dad went to the shop and made a big **fuss** about it.

## g

**gap (n)** an empty space

There is a **gap** between the museum and the theatre.

**gasp (n)** the sound made when someone breathes in quickly through the mouth

We all gave a loud **gasp** when we saw Grandma's new car.

**grid (n)** a barrier made of spaced metal rods going from top to bottom and side to side

The **grid** over the window stopped thieves from climbing into the house.

## h

**hand-dyed (adj)** coloured by a person using dye on the cloth

**Hand-dyed** cloth is often expensive because every piece is different.

## i

**imagine (v)** to think of something in your mind

Ben **imagined** a scary monster and wrote a story about it.

**iron (n)** a hard, strong metal

Bridges are often made of **iron**.

## L

**lock (v)** to turn the key in a door or box to stop it being opened  
Mum **locked** the door when we left home.

## M

**mysterious (adj)** having a quality of mystery  
The **mysterious** man wore a tall black hat and a long black cloak.

**mystery (n)** something strange that cannot be easily explained or understood  
The disappearance of the treasure from the locked room was a **mystery**.

## N

**nail (v)** to fix with a nail  
The carpenter **nailed** two pieces of wood together.

## P

**padlock (n)** a metal object with a hook that can be locked with a key and which can be used to hold things together  
There was a heavy **padlock** on the door of the museum so we knew that it was closed.

**peer (v)** to look closely and carefully  
Sam **peered** over the wall and saw something amazing.

**promise (v)** to agree to do something  
Anna **promised** that she would finish her homework.

## R

**relief (n)** the happy feeling when a worry is ended  
It was a **relief** when I finished my project.

**rod (n)** a long, thin, round piece of wood or metal  
Dad's fishing **rod** is very strong and he catches big fish.

**rusty (adj)** (metal) turned to a red-orange colour and damaged because of rain water and bad weather  
The lock was **rusty** and the key would not turn.

## S

**season (n)** a time of the year  
Spring is the **season** when flowers begin to grow.

**set up (v)** to put up  
The fisherman **set up** a table in the market and began to sell his fish.
