Read the text and answer the questions that follow.

Camels are large animals. They live in the desert. They have two rows of eyelashes to keep sand out of their eyes. They can also close their long nose to keep the out the sand, too. Their feet are wide so that they can walk on the sand.

Camels can live for about forty years. Camels have humps on their backs. These humps do not carry water. They carry food. When a camel is hungry, its hump will get smaller. If a camel is thirsty, it will drink a lot of water. Then it will not drink again for over a week.

- Put ✓ or ×.
