

## **Khaled's bad day**

Khaled likes to travel by car. One day while he was driving home he suddenly heard a loud sound and felt a bump in the car; a flat tyre! He didn't have a spare wheel in his car and the nearest petrol station was far.

Khaled waved to passing cars for half an hour, but none of them stopped. At last he waved to a white car just like his own. The car stopped, and a young lady got out.

Khaled was very disappointed. How could this young lady help him? He told her his problem.

The lady offered him her spare wheel. Khaled was embarrassed because he doesn't know how to change the tyre. And the surprise was that the lady changed the wheel in a few minutes. Khaled was so grateful. He thanked the lady for her great help and got into his car driving back home.
