

Unit 12

Why is Kareem excited?

1

Listen and read

1

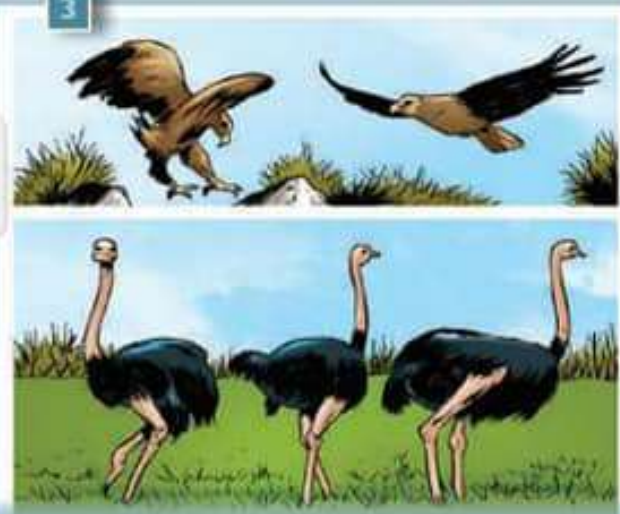

Kareem: I'm doing a project at school about the Arabian oryx.

Dad: Well, we have a surprise for you and Samira. We're going to see the Arabian oryx tomorrow.

Mum: The Arabian oryx is Jordan's national animal.

3

Dad: We're going to get up at five o'clock.

Samira: Why are we going to get up early?

Mum: We're going to get up early because we must arrive early to see the animals.

2

Samira: Mum, why is Kareem excited?

Mum: He's excited because we're going to the Shaumari Nature Reserve tomorrow. We're going to see foxes, eagles, ostriches and wild cats.

Kareem: We're going to see the Arabian oryx, too!

4

Samira: Why are you going to climb the tower, Kareem?

Kareem: I'm going to climb the tower because there's a good view from the top. I want to take a nice photo of the Arabian oryx!

2 This lovely bird is the Sinai rosefinch. It is Jordan's national bird. The Sinai rosefinch is the same red colour as our famous city, Petra. There are a lot of these birds in Jordan.

3 The national colours of Jordan are red, black, white and green. The flag of Jordan has these colours and a star with seven points. These colours show the past of our country.

1 This is the national flower of Jordan. It is the beautiful black iris. We can see it in the spring. We don't usually see this flower in our gardens. It grows in the countryside because it likes the soil and the weather in the wild.

4 I took this photo from the top of the tower at the Shaumari Nature Reserve. The photo shows Jordan's national animal, the Arabian oryx. In the past, people hunted Arabian oryxes. They are safe now because they live at the nature reserve.

- 1 What colours are on the flag of Jordan?
- 2 Why are Arabian oryxes safe today?
- 3 How are the national bird of Jordan and the city of Petra the same?
- 4 When can you see the national flower of Jordan?
- 5 Why does the black iris grow in the country?
- 6 How can people help birds and animals in Jordan?

What colours are on the flag of Jordan?

black, white and green colours are on the flag.

Listen and answer

- 1 What is the national tree of Jordan?
- 2 Where can you see these trees in Jordan now?
- 3 Where did the forests grow?
- 4 Why did people cut down these trees?
- 5 What must we do for our national tree?
- 6 Why must we look after our national tree?

Audioscript

The oak tree the national tree of Jordan . It is a beautiful tree . It can live for hundreds of years and it grows very big . You can see oak trees growing between Amman and Irbid in the forests of Ajloun Nature Reserve . In the past , many forests of oak trees were on the mountains in the north of Jordan . The wood of the oak tree is very strong . People used it to make tables , chairs and other furniture . They cut down a lot of oak trees and today there are not so many oak trees in Jordan . Now we must keep our national tree safe .

Answers

1. The national tree of Jordan is the oak tree.
2. You can see them growing between Amman and Irbid in the forests of Ajloun Nature Reserve.
3. They grew on the mountains in the north of Jordan .
4. They cut down these trees because the wood of the oak tree is very strong. People used it to make tables , chairs and other furniture .
5. Now we must keep our national tree safe.
6. Because we use the wood and it is a home for animals also makes our country beautiful.

4. We speak Arabic because We are from Jordan.

5. We can learn fast because We are young.

4 Read and circle

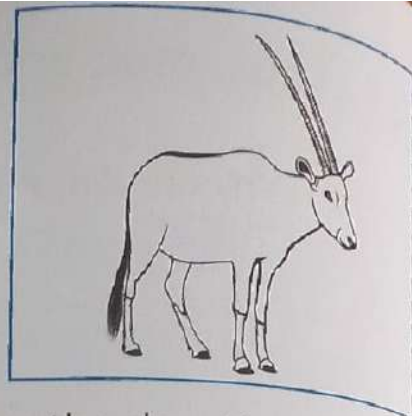

Our trip to the Shaumari Nature Reserve by Rakan Madi

The Shaumari Nature Reserve opened in 1975. It's near Azraq desert in the east of Jordan. My class visited the reserve last week.

Mr Quadi works at the reserve. He was our guide for the day. He was very friendly. First, he showed us some pictures of the animals and he answered some questions. I asked him about the Arabian oryxes' food. It's interesting because they eat plants and fruit. They don't eat meat.

Then we went to see the animals. We were careful because the animals don't like noisy children! The oryxes were white and they were beautiful. I took some photos.

Next, we had a picnic and we played in the playground. It was good fun. Finally, we went home. It was a great day.

1. The reserve opened more than thirty years ago.

Yes / No

2. Rakan went to the reserve last week.

Yes / No

3. Mr Quadi is Rakan's guide.

Yes / No

4. Oryxes eat meat.

Yes / No

5. Rakan and his class visited the reserve last week.
