General Notes

- The teaching package components are full and extensive (refer to the introduction in the Teacher’s Book for more details). Teachers are requested to make use of the teacher’s resources; interactive CD, tests (for assignment & enrichment purposes), etc.
- When planning, teachers are to refer to the standards found in the teacher’s book.
- Not all the exercises in the workbook can be covered in class, so teachers need to be flexible and careful about which exercises should form the focus of classroom study and which ones could be done as homework or quizzes.
- The skipped lessons (**referred to in the table above**) can be exploited as enrichment material but are not to be assessed. The “Culture Pages” and the “Tasks” can be dealt with likewise.
- The speaking and the grammar reference sections are essential parts in the curriculum. Thus, teachers are requested to exploit them appropriately.
