  - a. Fish and Dolphin
  - b. Dolphin and Frog
  - c. Snail and Dolphin
10. Animals give their babies milk...
  - a. Reptiles
  - b. Cat
  - c. All vertebrates

**Question 2- Write down TRUE (T) or FALSE (F)**

1. Molluscs, starfish, snakes are all vertebrates\_\_\_\_\_
2. A dolphin is a mammal because it has fur\_\_\_\_\_
3. An octopus has 8 bones\_\_\_\_\_
4. Birds and kangaroos hatch from eggs\_\_\_\_\_
5. Mammals take care of their babies\_\_\_\_\_

### Question 3- Fill in the missing words

shelter moist exoskeleton scales dry habitat

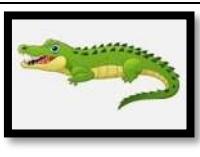

1. Some animals protect themselves by using their hard-outer covering called \_\_\_\_\_.
2. Where animals live \_\_\_\_\_.
3. The body covering of a fish is covered in \_\_\_\_\_.
4. Where animals feel safe \_\_\_\_\_.
5. Reptiles have thick and \_\_\_\_\_ skin.
6. Amphibians have wet and \_\_\_\_\_ skin.

### Question 4- Classify

Lion, Starfish, Frog, Butterfly, Snail, Cheetah, Worm, Horse

Vertebrates	Invertebrates

### Question 5- Compare

1. What is the same about these two animals?

\_\_\_\_\_

2. What is different about these two animals?

\_\_\_\_\_
