Many animals use different types of camouflage to \_\_\_\_\_ <sup>(1)</sup> from other animals who want to eat them. Some, like the Arctic fox, have \_\_\_\_\_ <sup>(2)</sup> that is the same colour as the snow in the winter, so that no one can see them.

In the \_\_\_\_\_ <sup>(3)</sup> the Arctic fox's fur changes to \_\_\_\_\_ <sup>(4)</sup> so it is the same \_\_\_\_\_ <sup>(5)</sup> as tree bark and the earth.

### **Paragraph 1**

Adeeb al Baloushi is a twelve-year-old inventor from Dubai. He started inventing when he was nine.

### **Paragraph 2:**

First he helped his father with a new kind of artificial leg.

### **Paragraph 3:**

Then he decided to help his mother. It was hard for her to reach under the sofa to clean. Adeeb built a robot to do the job. It took him just one day. The robot is very small so it can go to places that are hard for a person to reach. It has a brush, a motor and batteries.

### **Paragraph 4:**

When Adeeb's mother went into the living room, she was surprised that Adeeb was sitting on the sofa. She looked under the sofa and it was clean. Adeeb showed her the robot. Now no one had to clean the floor, because the robot could do it for them.

### **Paragraph 5:**

Adeeb is a member of the Arab Robotics Association. Adeeb is still inventing. He hopes he will make many other new things that will help people.

Hello! My name's Saif. We're learning the Al Ayyalah routine. It is a very old routine and an important tradition in the UAE. National Day is celebrated in the UAE and in many other countries too. The Al Ayyalah routine is part of the celebrations. People love watching it.

Our teacher, Mr Mohamed showed us how to do the movement. We are moving right and left. We are practicing together. We are having a lot of fun. My teacher's playing the drum. The students move to the sound of the drum, too. When my teacher taps the drum quickly, the students move quickly. When he taps the drum slowly, the students move slowly.

Learning the Al Ayyalah routine is fun, but it's also difficult. We have to practice a lot. My friends want to move really well. We want our Al Ayyalah routine to be perfect.

**Read the text and answer the questions**

Some animals change the colour of their fur in winter. Why do you think they do that? During the warm months, an Arctic fox has brown fur. Its brown colour matches the brown soil and grasses of the Arctic land where the fox lives. In winter, the Arctic land is covered with snow. When the cold weather begins, the Arctic fox grows a coat of white fur. This camouflage helps the Arctic fox hide from hungry polar bears and wolves!

1. Why does the Arctic fox change its colour?
  - a) to find its food.
  - b) to hide from the dangerous animals.
  - c) to sleep
  
2. What is the colour of the Arctic fox during the warm months?
  - a) brown
  - b) white
  - c) green
  
3. What are the animals that eat the Arctic fox?
  - a) just the wolves
  - b) only polar bears
  - c) polar bears and wolves
  
4. What does meal last line mean?
  - a) The outside part of a tree or branch
  - b) Mix two things together so they become one thing.
  - c) Food, for example lunch or dinner
