Part One: Reading

Reading Comprehension:

Directions: Read the passage and answer the questions

My name's Tim and I live in London. Last year, I was excited to see Hamad International Airport when I went to Doha on holiday. It opened in April 2014, so it's the newest airport in Qatar. It's more modern and impressive than the old airport and it is also much larger. In fact, it's 22 square kilometres in size! You don't have to take a bus or taxi to get from the airport to Doha city centre because there are fast underground trains every six minutes.

You can fly from Hamad International Airport to more than 160 places around the world. I read that there are more than 230,000 flights each year, but I found that it wasn't as crowded or **noisy** as other airports.

This is mainly because lots of people are there to help you, so you never have to wait to get from one part of the airport to another. About 50 different airlines fly from here, but the main one is Qatar Airways, and I think it's the best!

The airport has more than 30 cafes and restaurants to choose from, so the most difficult thing for me was to decide where and what to eat! I had an amazing experience at Hamad International Airport and I can't wait to go there again.
