

# Distance Learning Rules

Sit in a quiet place

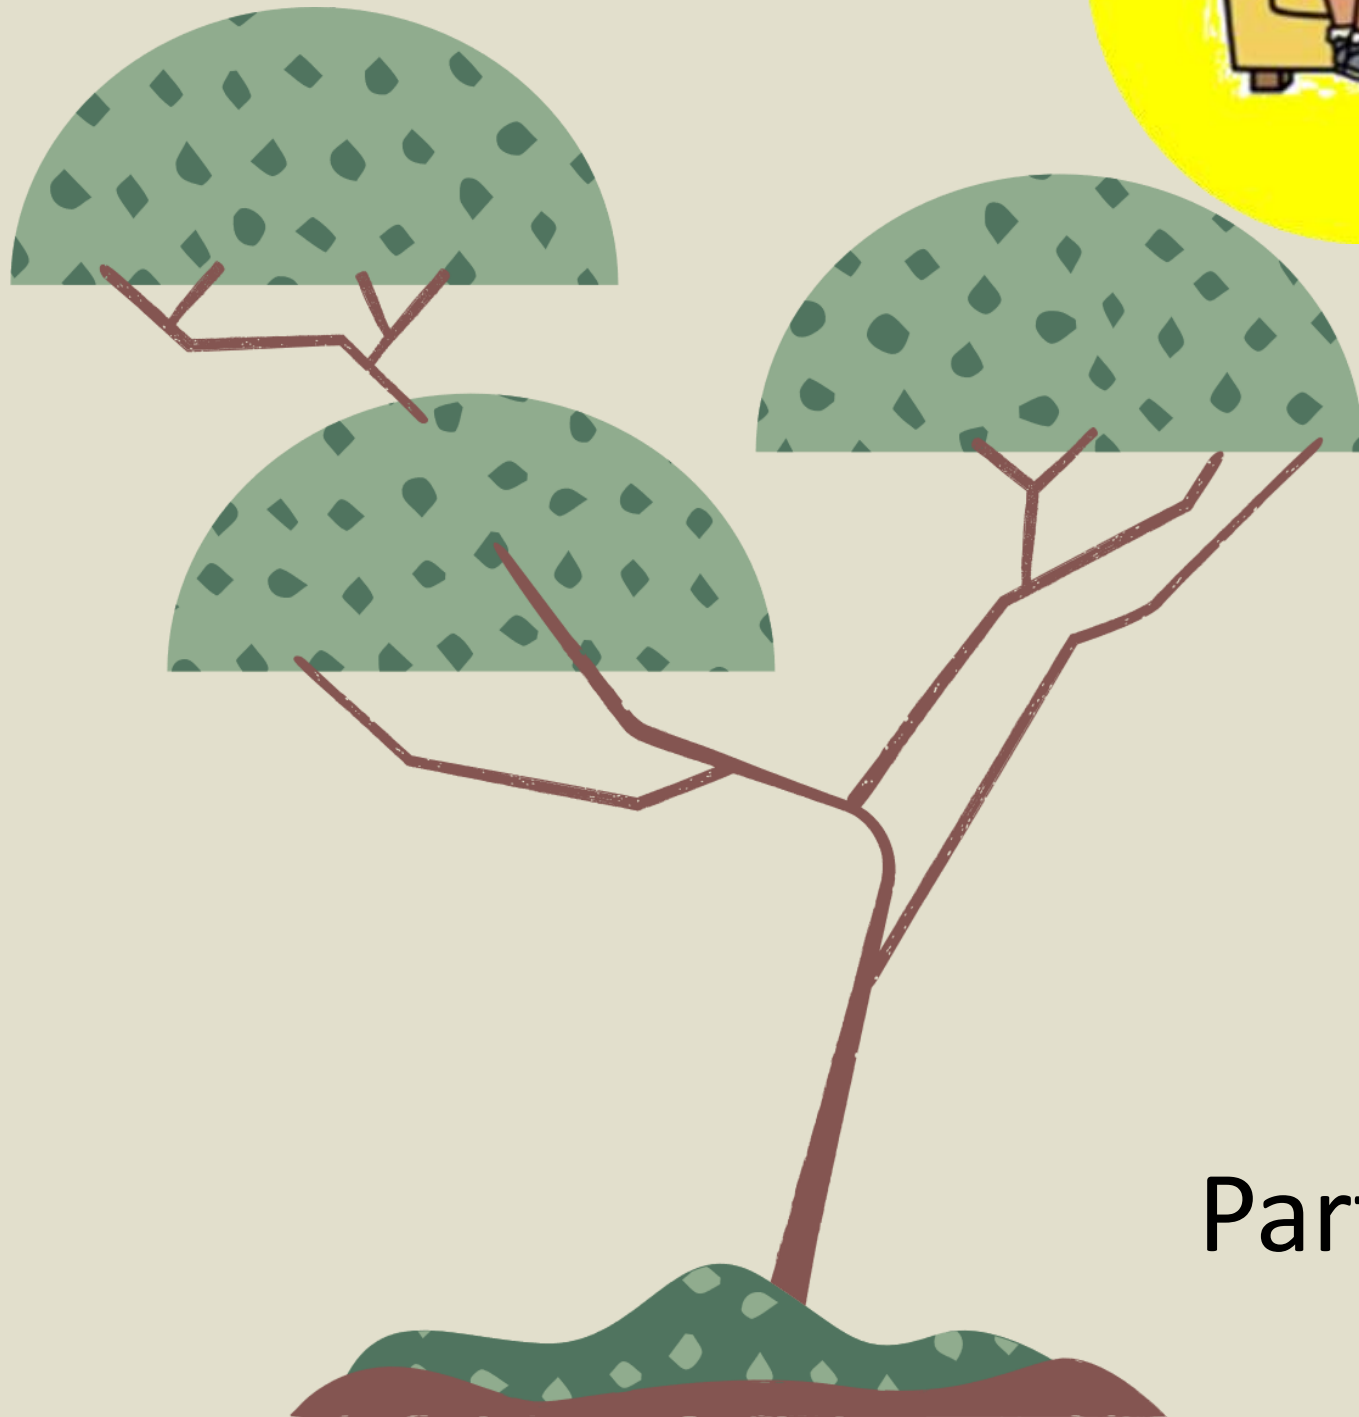

Stay on mute & raise your hand to participate

Be ready and on time

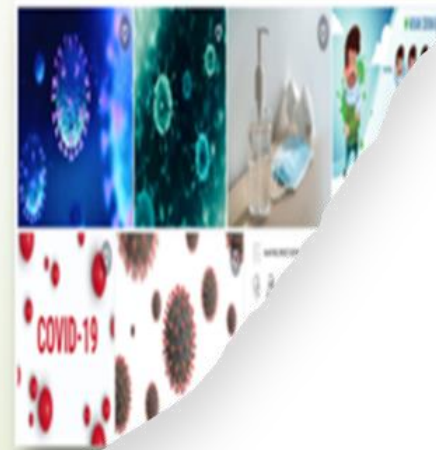

Participate but do not interrupt anyone

## COVID -19

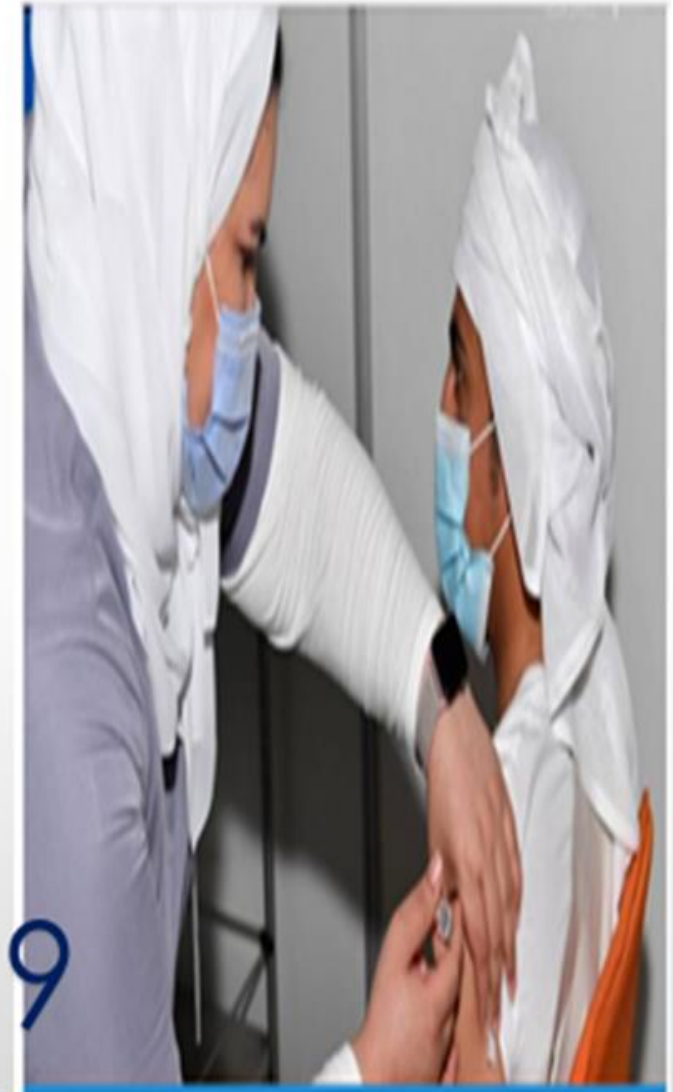

- Wearing a mask.
- Leave a safe distance.
- Sterilize hands and wash them well with soap and water.
- Don't use other people's tools.

### Coronavirus health and safety tips

## Covid-19 Vaccination

# Unit : 2

## Habitat

### Interactions

WEEK 1 - LESSON 1

Lessons :

1-2

Rainforests And Deforestation

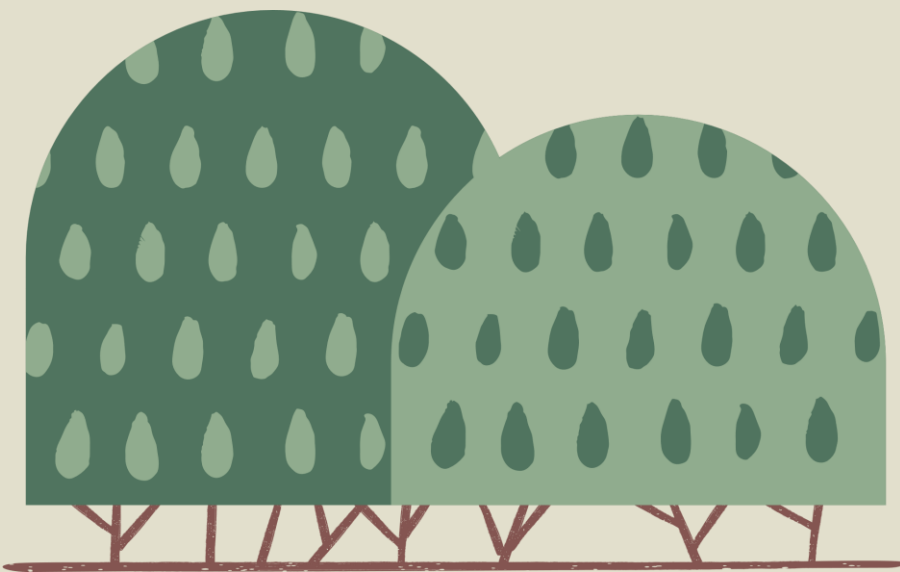

# Objectives Learning

Listening for information  
Speaking to give opinion.

Critical Thinking.

Use new words in context.

# Starter

- Discuss
- Watch
- Vocabulary

# Let's discuss

**WHAT IS A RAINFOREST?**

**OR**

**CAN YOU NAME SOME  
ANIMALS FOUND IN A  
RAINFOREST?**

## **Vocabulary:**

Medicine

Research

Lungs

Wildlife

Cattle

Agriculture

Rainwater

Life

Habitats

Oxygen

Soil

Deforestation

# Let's Watch

Watch the video. Can you write down three new facts or vocabulary words you learnt.

# Vocabulary

## Vocabulary:

Medicine

Research

Lungs

Wildlife

Cattle

Agriculture

Rainwater

Life

Habitats

Oxygen

Soil

Deforestation

• medicine • research • lungs • wildlife

**1** We need these to breathe.

---

**2** To study something to find out new information.

---

**3** Plants and animals that live in their natural habitats.

---

**4** We use this to treat an illness.

---

# Matching

- Match the two halves of each sentence.

- |  |   |
|--|---|
| <b>1</b> Tropical rainforests cover            | <b>a</b> food and shelter for the many animals that live there. |
| <b>2</b> The Amazon in South America is        | <b>b</b> come from tropical forest plants.                      |
| <b>3</b> Tropical rainforests are home to      | <b>c</b> over 30 million types of plants and animals.           |
| <b>4</b> The plants provide                    | <b>d</b> the largest tropical rainforest in the world.          |
| <b>5</b> More than 25% of our modern medicines | <b>e</b> yet to be discovered.                                  |
| <b>6</b> And there are many more medicines     | <b>f</b> about 8% of the world's land surface.                  |
- 

# Listening

- LISTEN. WHAT SORT OF TV PROGRAMME IS THIS?
- LISTEN AND COMPLETE THE QUESTIONS

## Tropical Rainforests

- 1 Tropical rainforests cover \_\_\_\_\_% of the world's land surface.
- 2 The largest rainforest is the \_\_\_\_\_.
- 3 Rainforests are home to \_\_\_\_\_ of the earth's wildlife and \_\_\_\_\_ of its plants.
- 4 \_\_\_\_\_% of our modern medicines come from the rainforests.
- 5 Food from the rainforest includes: nuts, bananas, spices, coffee and \_\_\_\_\_.
- 6 The Amazon rainforest holds more than \_\_\_\_\_ of the earth's rainwater.
- 7 The trees in the rainforests keep the air clean by taking in \_\_\_\_\_ and producing the \_\_\_\_\_ we need to breathe.

8%;  
Amazon;  
half, two-thirds;  
More than 25%;  
chocolate;  
half  
carbon dioxide, oxygen

# Listening

- **LISTEN AND COMPLETE THE QUESTIONS**

**3** Listen again and answer the questions.

- 1** How many countries in South America have rainforest areas?
- 2** Why are plants important for the animals who live in the rainforest?
- 3** Where does the anti-malaria drug quinine come from?
- 4** Why is the rainforest important for medical research?
- 5** Why do we often see mist and clouds above the rainforest?

- 1 Nine;
- 2 Plants provide food and shelter for the animals;
- 3 Quinine comes from a tree in the Amazon;
- 4 It's important because many more medicines are yet to be discovered;
- 5 Trees take up water from the forest floor and release it into the atmosphere

# Speaking

**1 ) Why are rainforests called 'the lungs of the earth'?**

**2) Why do we need parks and gardens in a city?**

# Let's discuss

**WHAT IS DEFORESTATION?**

**OR**

**WHY SHOULD WE TRY TO PREVENT  
DEFORESTATION? WHAT CAN WE DO TO  
PREVENT IT?**

# Let's Watch

Watch the video. Can you write down three new facts or vocabulary words you learnt.

FORESTS COVER  
ABOUT **30%**  
OF THE  
PLANET

# Vocabulary

• cattle • agriculture • rainwater • life • habitats • oxygen • soil • deforestation

Clearing rainforest is called \_\_\_\_<sup>1</sup>. Many plant and animal \_\_\_\_<sup>2</sup> are destroyed when forest areas are cleared. But clearing rainforest threatens all \_\_\_\_<sup>3</sup> on Earth. The rainforest trees absorb carbon dioxide and give off \_\_\_\_<sup>4</sup>. The roots absorb \_\_\_\_<sup>5</sup> that falls every day. The roots also help to stabilise the \_\_\_\_<sup>6</sup> so mud slides don't happen.

In Brazil, large areas of rainforest are cleared for \_\_\_\_<sup>7</sup>, and most deforestation in the area is the result of \_\_\_\_<sup>8</sup> farming for beef and leather.

deforestation  
habitats  
life  
oxygen  
rainwater  
soil  
agriculture  
cattle

# Listening

## • LISTEN AND COMPLETE THE QUESTIONS

Tick the activities that cause deforestation.

- ☒ mining
- ☐ harvesting palm oil
- ☒ growing soya
- ☒ drilling for oil
- ☐ rainwater

1 F (40 years); 2 T; 3 T; 4 F (it affects all plant and animal life in the forest); 5 T;  
6 F (it is caused by large companies and farming); 7 T; 8 F (it makes the soil poorer)

Listen to the the programme again. Are these statements true or false? Correct any false statements in your notebo

Rainforests will disappear in one hundred years if we don't act now.

Over one-third of rainforests have disappeared in the last 50 years.

Deforestation is the cutting down and burning of forests.

Deforestation doesn't affect plants and animals that live in the forests.

Rainforests take in carbon dioxide and give out oxygen.

Deforestation is not caused by farming.

Cattle farming is one of the main reasons for deforestation.

8 Deforestation helps to protect the soil.

# Matching

Use the phrases in the box to complete the sentences

**a** ... is cleared every second.

**b** ... sell products containing palm oil.

**c** ... are in danger of extinction.

~~**d** ... are starting to produce palm oil sustainably.~~

**e** ... campaigning to protect the rainforests.

**f** ... have lost their homes.

**1** A few companies are starting to produce palm oil sustainably.

**2** A large number of people \_\_\_\_\_.

**3** An enormous amount of land \_\_\_\_\_.

**4** A lot of supermarkets \_\_\_\_\_.

**5** A large number of plants and animals \_\_\_\_\_.

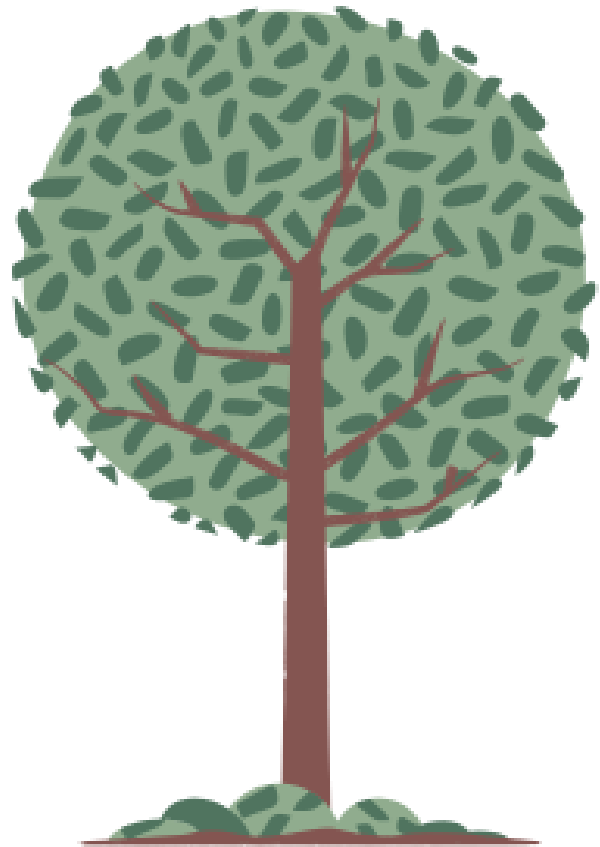

**6** Several organisations are \_\_\_\_\_.

# Speaking

**Why should we try to prevent deforestation? What can we do to prevent it?**

**Discuss in your group. Use the grid to help you plan your discussion, and use the sentence prompts below**

	Reason	Supporting information
1	<i>loss of natural habitats</i>	
2		
3		

*I think that ...*

*In this situation, it is ...*

*If we ..., we ...*

*We need / have to ...*

*We can / can't ...*

*On the other hand ...*

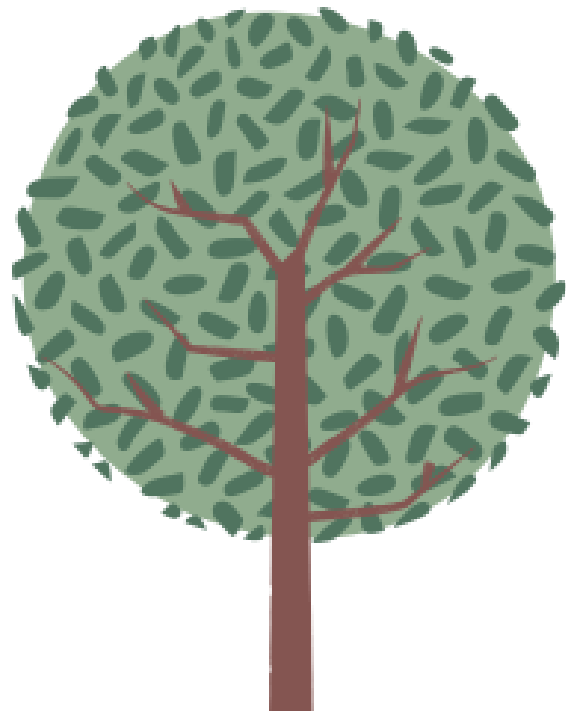

*I (completely) disagree! I think ...*

*I have to disagree with you ...*

# Writing Extension

Use the table below to plan a piece of writing about preventing deforestation

	Reasons	Supporting information
Introduction	<hr/> <hr/>	<hr/> <hr/>
Paragraph 1	<hr/> <hr/>	<hr/> <hr/>
Paragraph 2	<hr/> <hr/>	<hr/> <hr/>
Conclusion	<hr/> <hr/>	<hr/> <hr/>

# Exit Ticket

1. Which activity of the lesson you like the most?
2. Which activity you find it difficult?
3. I hope all of you understood the Lesson .
