Does Samira like the airport? *Yes, she does.*

We went to Queen Alia International Airport on Saturday. It is the biggest airport in Jordan. There is a new airport building. His Majesty King Abdullah II opened the new building in March 2013. It is very big and very modern. I think that it looks beautiful. The windows are really big. You can watch the planes *take off* and land. There is a *mosque*. There are also a lot of shops, cafes and restaurants *inside*. It's *great*!

My father *told* my brother and me about the airport while we were waiting for my uncle and aunt. The new building is more than 100,000 square metres. That's about the same size as two of the old buildings! More than 1,000 planes land and take off from the airport every week. Many people come here every year.

I liked the airport very much. A lot of other people like the airport too. The airport has *won* some prizes! *Wow!*
