

physical properties inquiry

- 1. Connect the material to be tested with electrical wires as in the figure.
- 2. Record data in the next table:

Material	Conduct of electricity (yes / No)	Reflect the light (shiny) (yes / No)
Aluminum foil		
Paper clip		
Wood bar		
acrylic rod		
Rubber eraser		
Copper wire		
Plastic spoon		

Define conductivity	Define reflectivity
.....

Copy this words three time for each :

Conductivity:
