6. Sending a Letter Part Two

5 Parts of a Letter

Look at Matt's letter again on page 10.

What is missing?

Dear penpal,

My name is Matt and I'm 12 years old. I live in Richmond, near London, and I go to Hill Top School. My favourite subjects are English, science, maths and cooking. I really love my school. I like going to the after-school clubs. My favourite is swimming. I'm also in the school chess club.

I recently went on a white-water rafting weekend with the Boat Club that I go to on Thursday evenings. We went to Devon, but, unfortunately, I hurt my knee and had to have an operation. I have to be in a wheelchair for the next six weeks.

I would love to find out all about you, so please write back to me.

Matt

Read the writing tips and then the example addresses .

Writing tip

When we write a letter, we need to include our address. This is so the other person can write back.

This is one way in which writing a letter and writing an email is different.

- 2 Look at these addresses. Write your own address in your notebook.
