

Unit 10

Our animals

We're going to:

listen and read about animal homes,
and food chains

learn about animal camouflage and
caring for pets

write a leaflet and design a poster about
a zoo/animal park
present information about natural places
in your country

Unit 10 - LESSON 1

Lesson 1 Places where animals live

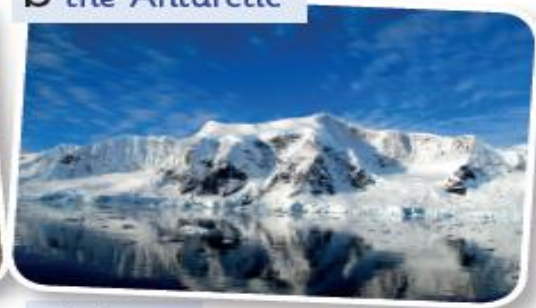

Match the animals with the places where they live.

a forest

b the Antarctic

c ocean

d desert

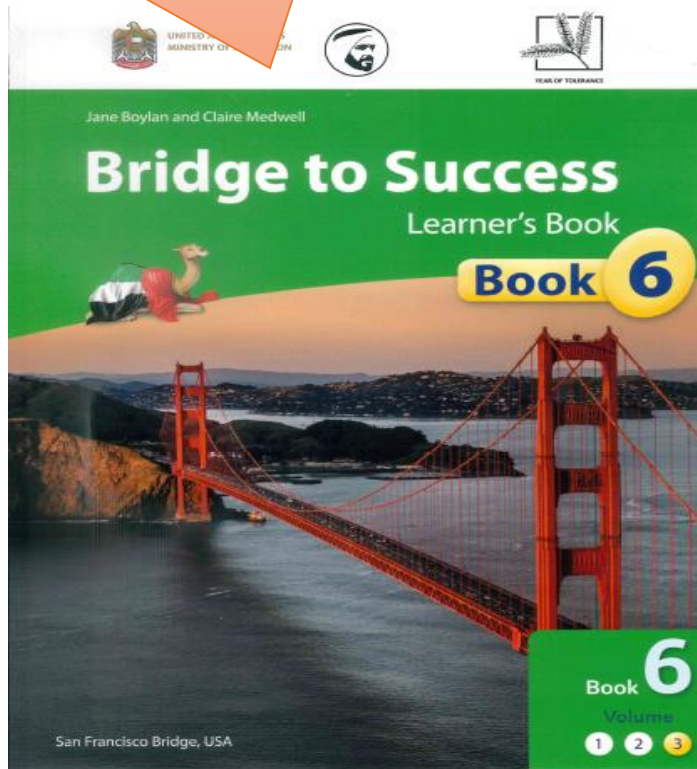

e mountain

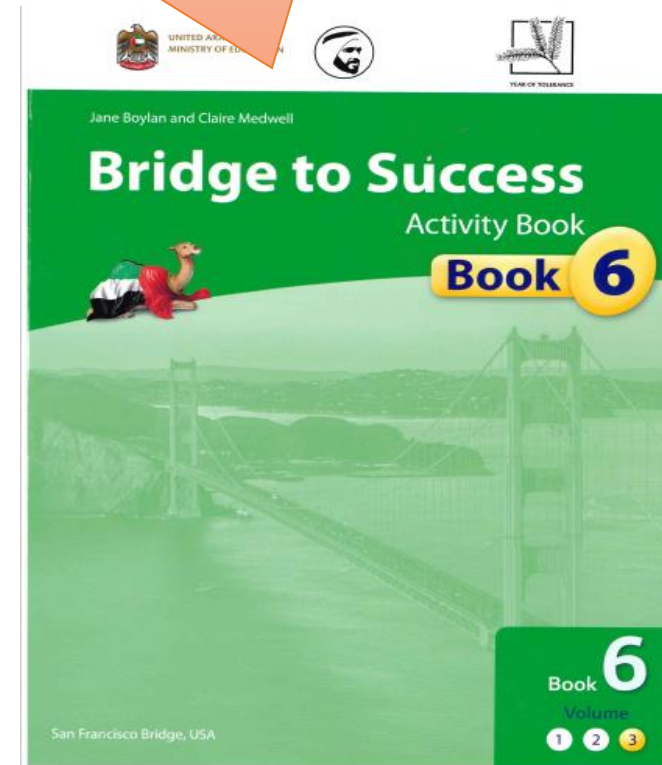

Open on page:

page 115

page 95

My Learning Outcomes

1. To talk about animals and their habitats.
2. To listen for specific information and develop vocabulary of animals and different habitats.
3. To complete a grid using the target words.

Watch the video. Where do animals live? What do animals eat?

Write the answer in the LMS

Vocabulary

Key vocabulary:

a forest

forest

b the Antarctic

Antarctic

in

mountain

c ocean

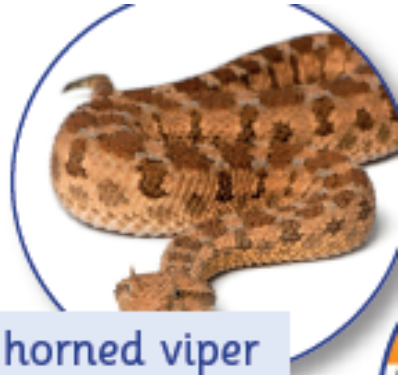

ocean

d desert

desert

horned viper

**Horned
viper**

stick insect

Stick insect

elephant seal

**Elephant
seal**

4 clownfish

Clown fish

5 golden eagle

**Golden
eagle**

1 Talk about it

21st

Do you live near any of the places below?

What is it like? Is it hot/dry/cold ... ?

2

Word study

Match the animals with the places where they live.

d

1 horned viper

c

4 clownfish

a

2 stick insect

b

3 elephant seal

e

5 golden eagle

a forest

b the Antarctic

c ocean

d desert

e mountain
