Danger at the old house

On Jack's birthday, Uncle Ted gave him a fishing rod. Uncle Ted took Jack and his sister Mary to the river. They fished all day, but they didn't see any fish and none of them caught anything. The next day, the weather was cloudy and dull. The stream looked grey and gloomy. " it doesn't look so pretty today," said Mary sadly . They set up their rods and began fishing. But still no one caught a single fish. "I've never known it ," said Uncle Ted. " The stream should be full of fish this early on in the season. I've never known it so empty." Jack looked upstream . In the distance, he saw an old building. It was built across the water. "what's that building?" he asked." It was a ruin until a few months ago," said Uncle Ted. " Nobody ever went there. But then a man called Sid Scrub and his brother, Harry, bought it. Now it's a small factory where material is hand-dyed. They say that Sid Scrub and his brother are not very nice. They have bad tempers!"
