Answer Key with Questions

week 3 math

---

1) Enter the answer.
How can you convert the metric units? Complete the missing value.
4 meters = _____ millimeters

Correct Answer

Field 1: 4,000 **or** 4000

2) Enter the answer.
How can you convert the metric units? Complete the missing value.
5 kilograms = _____ grams

Correct Answer

Field 1: 5,000 **or** 5000

3) Enter the answer.
How can you convert the metric units? Complete the missing value.
16 liters = _____ milliliters

Correct Answer

Field 1: 16,000 **or** 16000

---

4) Enter the answer.

How can you convert the metric units? Complete the missing value.

7 centimeters = _____ millimeters

Correct Answer

Field 1: 70 **or** seventy

---

5) Fill in the blanks using the available answer choices.

Choose whether each measurement statement is True or False.

a. 24 kilograms = 2,400 grams _____
(Blank 1)

b. 35 kilometers = 35,000 meters _____
(Blank 2)

c. 49 meters = 49,000 centimeters _____
(Blank 3)

d. 52 liters = 52,000 milliliters _____
(Blank 4)

Blank 1 options	Blank 2 options	Blank 3 options	Blank 4 options
• True	• True	• True	• True
• False	• False	• False	• False

Correct Answer

False

True

False

True
