Reading Comprehension Exam

Read the text and answer the questions.

Text:

My family is quite large and we are very close-knit. I live with my parents, my two brothers, and my grandma. My grandad used to live with us too, but he passed away last year. We often reminisce about him and the stories he used to tell us.

I have three sisters, all older than me. They are all married now and live in different cities with their husbands and children. One of my sisters, Sarah, is engaged and will be getting married next month. We are all excited about the upcoming celebrations.

As a teenager, I used to spend a lot of my free time with my cousins. We would often exchange books and CDs and improve our knowledge together. Those were fun times!

Questions:

1. Who used to live with the narrator's family but passed away last year?
2. How many sisters does the narrator have?
3. Who is engaged and getting married next month?
4. What did the narrator and their cousins do together during their free time as teenagers?
5. How does the narrator describe their family?

Reading Passage: The Impact of Technology on Society

In recent years, the rapid advancement of technology has significantly influenced various aspects of our lives. From artificial intelligence to robotics and nanotechnology, these innovations have changed how we work, communicate, and interact with the world around us.

Artificial intelligence (AI) plays a crucial role in many sectors, enhancing efficiency and decision-making. For instance, AI systems can analyze vast amounts of data, helping businesses understand consumer behavior and improve their services. Robotics, closely linked to AI, has transformed manufacturing processes, allowing for automation and precision that were previously unattainable.

Moreover, the rise of e-commerce has reshaped shopping habits. Consumers now prefer online shopping due to its convenience and variety. This shift has led

to the growth of start-ups focused on digital solutions, creating new job opportunities and economic growth.

In the field of healthcare, advancements in genetic research and the development of prosthetics have improved the quality of life for many individuals. New prosthetic designs are more realistic and controllable, allowing users to engage in daily activities with greater ease.

While these technologies bring numerous benefits, they also raise important ethical questions. For example, the use of drones for surveillance has sparked debates about privacy and security. Society must navigate these challenges while embracing innovation.

Questions

Part 1: Multiple Choice

1. What is a significant benefit of artificial intelligence mentioned in the passage?
A) It increases consumer spending.
B) It enhances efficiency and decision-making.
C) It replaces human workers entirely.
D) It promotes traditional shopping methods.
2. How has e-commerce affected shopping habits?
A) It has decreased the variety of products available.
B) It has made shopping more inconvenient.
C) It has led to a preference for online shopping.
D) It has eliminated the need for retail stores.

Part 2: True or False

3. Robotics has no impact on manufacturing processes.
True / False
4. New prosthetics are designed to be less realistic.
True / False

Part 3: Short Answer

What ethical concerns are raised by the use of drones, according to the passage?

Technology has rapidly transformed our lives in countless ways, impacting how we communicate, work, and interact with the world. Reflect on a specific technological advancement—such as artificial intelligence, robotics, or e-commerce—and discuss its effects on society.

In your essay, consider both the positive and negative consequences of this technology. How has it improved people's lives or made tasks easier? Conversely, what challenges or ethical concerns has it introduced?

Your response should be approximately 150 words, focusing on clear, concise arguments supported by examples.

2. A) Minimizing environmental impact.
3. C) Transportation systems.
4. A) The ability to maintain environmental balance.
5. B) The ability to adapt to climate challenges.

Sample Response for Question 6: Cities should prioritize sustainability in urban planning because it ensures that we can meet the needs of today without compromising the ability of future generations to meet their own needs. Sustainable urban planning helps reduce pollution, conserve resources like water and energy, and promotes healthier living environments. By integrating green spaces, efficient transportation, and resilient infrastructure, cities can withstand climate changes and create more livable communities for everyone.

Writing Prompt: Sustainable Living

Instructions: Imagine you are a city planner tasked with developing a new urban area. Reading Comprehension Test

Instructions: Read the passage below and answer the questions that follow by choosing the correct answer.

Passage:

In today's fast-paced world, finding time for relaxation is essential for maintaining good mental health. Many people experience anxiety and stress due to their busy lifestyles. To counteract these feelings, individuals often engage in activities such as jogging, power walking, or even participating in a triathlon.

Hydration plays a crucial role in physical fitness. Drinking enough fluids, especially bottled water, helps keep the body functioning optimally. Herbal tea is also popular for its calming effects, making it a favorite choice before bedtime.

Incorporating aromatherapy into your routine can create a peaceful atmosphere at home. Using an oil burner with soothing scents can enhance relaxation. Ensuring a balance between work and leisure activities is key to a healthy lifestyle.

Moreover, getting enough sleep, especially deep sleep, is vital for memory and overall well-being. REM sleep, which is associated with dreaming, allows the brain to recharge. By adopting positive thinking and staying fit, one can improve their quality of life and maintain a sense of happiness.

Questions:

1. What is the primary focus of the passage?
 - A) The benefits of exercise
 - B) The importance of relaxation and mental health
