Reading

10

Reading Comprehension:

Directions: Read the passage and answer the questions.

(1) Dolphins are wonderful marine mammals that are related to whales and porpoises.

A marine mammal is one that lives in the water. Dolphins are found all over the world's oceans as well as in rivers and marshes. Dolphins eat fish, squid, and other marine life. They often swim together in groups. They have powerful eyesight and hearing, but do not have a sense of smell.

(2) Dolphins come in different sizes. Some are smaller than the average person, but others, such as the orca, can be 30 feet long, or more than five times as long as the average person. Dolphins are very intelligent because they can solve problems, learn new skills, and teach those skills to others. Have you ever seen a dolphin? Groups of dolphins can often be seen easily when they bob in and out of waves close to the shoreline. Dolphins can live up to 25 or 45 years.

1- What is the text MAINLY about?

- a. lions
- b. tigers
- c. monkeys
- d. dolphins**

2- What does the underlined word wonderful in paragraph (1) mean?

- a. great**
- b. terrible
- c. difficult
- d. delicious

3. How long can dolphins live?

Dolphins can live up to 25 or 45 years.

4- What do dolphins eat?

Dolphins eat fish, squid, and other marine life.

5- Why are dolphins very intelligent?

Because they can solve problems and learn new skills.

Reading

Reading Comprehension:

Directions: Read the passage and answer the questions.

Doing different activities is a great way to stay healthy, learn new things, and have fun. There are many types of activities to try, like sports, reading, or arts and crafts. Sports, such as soccer, basketball, or swimming, help **improve** physical fitness, teamwork, and coordination. These activities also teach you how to stay active and have fun while staying healthy.

Reading books is important because it opens up your imagination and helps you learn about new places, people, and ideas. It improves your vocabulary and strengthens your mind.

If you enjoy being creative, arts and crafts allow you to express yourself and develop your artistic skills. You can draw, paint, or make things with your hands, which is both relaxing and fun.

Whether you prefer outdoor activities, reading, or creating, trying different things helps you discover what you enjoy the most and keeps life interesting!

5- What is the text MAINLY about?

- A. trying different home tasks
- B. trying different outdoor tasks
- C. how activities keep you happy
- D. how activities keep you healthy and fit**

Reading

Reading Comprehension:

Directions: Read the passage and answer the questions.

Computers are amazing machines that help us in many ways. They can store information, solve problems, and even help us communicate with others around the world. A computer has different parts that work together. The CPU (central processing unit) is the "brain" of the computer, where all the thinking happens. The keyboard and mouse are used to **control** the computer, while the monitor shows us what we're doing.

Computers are used in schools, homes, and workplaces. Students use them for research, homework, and playing educational games. Businesses use computers to manage data and connect with customers. There are also many types of computers, like desktop computers, laptops, and tablets, each with their own special uses.

In today's world, computers are everywhere, and they make our lives easier, faster, and more connected.

5- What is the text **MAINLY** about?

- A. tablets
- B. mobiles
- C. printers
- D. computers**

6- What does the word '**control**' in line 5 mean?

- A. ignore
- B. forget
- C. escape
- D. manage**

7. What can computers do?

They can store information and solve problems.

8. Why do businesses use computers?

Businesses use computers to manage data and connect with customers.

9. How many types of computers are there in the text?

There are also many types of computers, like desktop computers, laptops, and tablets
